Mr. Suarez asked if we would begin these projects during the coming fiscal year. Mr. Jones indicated that staff did anticipate commencement during FY 2003, thus these elements are included in the recommended budget.

Mr. Poster noted that \$4.7 million of the budget is actually just passing through this budget, and a carry-forward of about \$3 million from the prior fiscal year is also included in the budget, due to certain project delays. Mr. Poster noted that the personnel count increases to 5.25, and asked if those would likely be City employees. Mr. Jones indicated that likely, yes, those positions would be City employees, but there is some flexibility with respect to that process. Mr. Poster noted that the overall scope of each element, which may run over several years, is not outlined in the budget document. As project applications are submitted and approved, those issues will be better addressed. Mr. Poster asked when the funding would likely be initiated for the District. Mr. Jones indicated that during the first half of the coming fiscal year, that initiation would likely commence.

The public hearing was opened at 6:30pm. Mr. Don Durband of the Tucson Downtown Alliance (TDA) spoke.
