2.1 Purpose/Scope of Work. The purpose of this IFB is to secure a qualified Vendor(s) to provide the District with Integrated LED Video Displays, to be installed as part of the Tucson Convention Center Arena Renovation Project (the “Materials”) as more particularly described in the Specifications, attached hereto as Exhibit A and incorporated herein by reference.

2.2 Amendment of IFB. No alteration may be made to this IFB or the resultant Contract without the express, written approval of the District in the form of an official IFB addendum or Contract amendment. Any attempt to alter this IFB/Contract without such approval is a violation of this IFB/Contract and the District Procurement Code. Any such action is subject to the legal and contractual remedies available to the District including, but not limited to, Contract cancellation and suspension and/or debarment of the Bidder or Vendor.

2.3 Preparation/Submission of Bid. Bidders are invited to participate in the competitive bidding process for the Materials specified in this IFB. Bidders shall review their Bid submissions to ensure the following requirements are met.

A. Irregular or Non-responsive Bids. The District will consider as “irregular” or “non-responsive” and shall reject any Bid not prepared and submitted in accordance with the IFB and Specifications, or any Bid lacking sufficient information to enable the District to make a reasonable determination of compliance with the Specifications. Unauthorized or unreasonable exceptions, conditions, limitations, or provisions shall be cause for rejection. Bids may be deemed non-responsive at any time during the evaluation process if, in the sole opinion of the District, any of the following are true:

1. Bidder does not meet the minimum required skill, experience or requirements to perform the Services or provide the Materials.

2. Bidder has a past record of failing to fully perform or fulfill contractual obligations, particularly obligations similar to those included in this IFB.

4. The Bid submission contains false, inaccurate or misleading statements that, in the opinion of the District Representative or authorized designee, are intended to mislead the District in its evaluation of the Bid.

B. Specification Minimums. Bidders are reminded that the Specifications stated in this IFB are the minimum levels required and that Bids submitted must be for products that meet or exceed the minimum level of all features specifically listed in this IFB. Bids offering less than the minimums specified will be deemed not responsive. Any catalog, brand name or manufacturer’s reference used is considered descriptive and not restrictive and is indicative of the type and quality of Materials the District desires to purchase. It shall be the Bidder’s responsibility to carefully examine each item listed in the Specifications.

C. Required Submittal. Bidders shall provide all of the following documents to be considered a responsive Bid:

1. Complete, fully executed original of this IFB, with the Offer signed in ink by a person authorized to bind the Bidder.

2. Bid Form.

3. Licenses.
4. References.

5. Acknowledgment for each Addendum received, if any.

D. Bidder Responsibilities. All Bidders shall (1) examine the entire Bid package, (2) seek clarification of any item or requirement that may not be clear, (3) check all responses for accuracy before submitting a Bid and (4) submit the entire, completed Bid package by the official Bid Due Date and Time. Late Bids shall not be considered. Bids not submitted with an original, signed Offer page by a person authorized to bind the Bidder shall be considered non-responsive. Negligence in preparing a Bid shall not be good cause for withdrawal after the Bid Deadline.

E. Sealed Bids. All Bids shall be sealed and clearly marked with the IFB title and number on the lower left hand corner of the mailing envelope. A return address must also appear on the outside of the sealed Bid.

F. Address. All Bids shall be delivered to the following address: Attention Elaine Becherer, Rio Nuevo TCC Arena Project Manager, Rio Nuevo Multipurpose Facilities District, 400 West Congress, Suite 152, Tucson, Arizona 85701.

G. Bid Forms. All Bids shall be on the forms provided in this IFB. It is permissible to copy these forms if required. Telegraphic (facsimile), electronic (email) or mailgram Bids will not be considered.

H. Modifications. Erasures, interlineations, or other modifications in the Bid shall be initialed in original ink by the authorized person signing the Bid.

I. Withdrawal. At any time prior to the specified Bid Opening, a Bidder (or designated representative) may amend or withdraw its Bid. Facsimile, electronic (email) or mailgram Bid amendments or withdrawals will not be considered. No Bid shall be altered, amended or withdrawn after the specified Bid Deadline unless otherwise permitted pursuant to the District Procurement Code.

2.4 Inquiries; Interpretation of Specifications; Scope of Work.

A. Inquiries. Any question related to the IFB, including any part of the Specifications, Scope of Work or other Contract Documents, shall be directed to the District Representative whose name appears on the cover page of this IFB. Questions shall be submitted in writing by the date indicated on the cover page of this IFB; the District will not respond to any inquiries submitted later than the Final Date for Inquiries. The Vendor submitting such inquiry will be responsible for its prompt delivery to the District. Any correspondence related to the IFB shall refer to the title and number, page and paragraph. However, the Bidder shall not place the IFB number and title on the outside of any envelope containing questions, because such an envelope may be identified as a sealed Bid and may not be opened until the Bid Opening. Any interpretations or corrections of the proposed Contract Documents will be made only by addenda duly approved and issued by the District. The District will not be responsible for any other explanations or interpretations of the Contract Documents.

B. Addenda. It shall be the Bidder’s responsibility to check for addenda issued to this IFB. Any addendum issued by the District with respect to this IFB will be available at:

ARC Document Solutions, Inc.
3955 E. Speedway Blvd., Suite 102/103
Tucson, Arizona 85715

C. Approval of Substitutions. The Materials, products, and equipment described in this IFB establish a standard or required function, dimension, appearance and quality to be met by any proposed substitution. No substitute will be considered unless written request for approval has been received by the District Representative at least ten days prior to the Bid Deadline. Each such request shall include the name of
the Material or equipment for which it is to be substituted and a complete description of the proposed substitute, including any drawings, performance and test data and any other information necessary for evaluation of the proposed substitute. If a substitute is approved, the approval shall be by written addendum to the IFB. Bidder shall not rely upon approvals made in any other manner.

D. Use of Equals. When the Scope of Work or Specifications for Materials, articles, products and equipment include the phrase “or equal,” Bidder may bid upon and use Materials, articles, products and equipment that will perform equally the requirements imposed by the general design. The District Representative will have the final approval of all Materials, articles, products and equipment proposed to be used as an “equal.” No such “equal” shall be purchased or installed without prior written approval from the District Representative. Approvals for “equals” before Bid Opening may be requested in writing to the District Representative for approval. Requests must be submitted at least ten days prior to the Bid Deadline. The request shall include the name of the Material, article, product or equipment for which the item is sought to be considered an equal and a complete description of the proposed equal including any drawings, performance and test data and any other information necessary for evaluation of the proposed equal. All approval of equals shall be issued in the form of written addendum or amendment, as applicable, to this IFB or the Contract.

E. Bid Quantities. It is expressly understood and agreed by the parties hereto that the quantities of the various classes of Materials to be furnished under this Contract, which have been estimated as stated in the Bidders’ Offer, are only approximate and are to be used solely for the purpose of comparing, on a consistent basis, the Bidders’ Offers presented for the Materials under this Contract. The selected Vendor agrees that the District shall not be held responsible if any of the quantities shall be found to be incorrect and the Vendor will not make any claim for damages or for loss of profits because of a difference between the quantities of the various classes of Material as estimated and the Materials actually provided. If any error, omission or misstatement is found to occur in the estimated quantities, the same shall not (1) invalidate the Contract or the whole or any part of the Specifications, (2) excuse Vendor from any of the obligations or liabilities hereunder or (3) entitle Vendor to any damage or compensation except as may be provided in this Contract.

2.5 Prospective Bidders’ Conference. A Prospective Bidders’ Conference may be held. If scheduled, the date and time of the Prospective Bidders’ Conference will be indicated on the cover page of this IFB. The Prospective Bidders’ Conference may be designated as mandatory or non-mandatory on the cover of this IFB. Bids shall not be accepted from Bidders who do not attend a mandatory Prospective Bidders’ Conference. Bidders are strongly encouraged to attend those Prospective Bidder’s Conferences designated as non-mandatory. The purpose of the Prospective Bidders’ Conference will be to clarify the contents of the IFB in order to prevent any misunderstanding of the District’s requirements. Any doubt as to the requirements of this IFB or any apparent omission or discrepancy should be presented to the District at the Prospective Bidders’ Conference. The District will then determine if any action is necessary and may issue a written amendment or addendum to the IFB. Oral statements or instructions will not constitute an amendment or addendum to the IFB.

2.6 New Materials. All Materials to be provided by the Vendor and included in the Bid shall be new, unless otherwise stated in the Specifications.

2.7 Prices. Prices for the materials shall be as is set forth in the Bid Form submitted.

2.8 Payment; Discounts. Any Bid that requires payment in less than 30 Days shall not be considered. Payment discounts of 30 Days or less will not be deducted from the Bid Price in determining the low Bid. The District shall be entitled to take advantage of any payment discount offered, provided payment is made within the discount period. Payment discounts shall be indicated on Price Sheet.

2.9 Taxes. All applicable excise and sales tax, if any, shall be indicated as a percentage and set forth as a separate item. It shall not be considered a lump sum payment item. It is the sole responsibility of the Bidder to determine any applicable Federal and State tax rates and calculate the Bid accordingly. Failure to accurately tabulate any applicable taxes may result in a determination that a Bid is non-responsive. The Bidder shall not rely on, and shall independently verify, any tax information provided by the District.
2.10 **Federal Funding.** It is the responsibility of the Bidder to verify and comply with federal requirements that may apply to the Materials (the “Federal Requirements”). It is also the responsibility of the Bidder to incorporate any necessary amounts in the Bid to accommodate for required federal record keeping, necessary pay structures or other matters related to the Federal Requirements, if any.

2.11 **Cost of Bid/Proposal Preparation.** Bids submitted for consideration should be prepared simply and economically, providing adequate information in a straightforward and concise manner. The District does not reimburse the cost of developing, presenting or providing any response to this solicitation; the Bidder is responsible for all costs incurred in responding to this IFB. All materials and documents submitted in response to this IFB become the property of the District and will not be returned.

2.12 **Public Record.** All Bids shall become the property of the District. After Contract award, Bids shall become public records and shall be available for public inspection in accordance with the District’s Procurement Code, except that any portion of a Bid that was designated as confidential pursuant to Section 2.13 below shall remain confidential from and after the time of Bid opening to the extent permitted by Arizona law.

2.13 **Confidential Information.** If a Vendor/Bidder believes that a Bid, Specification, or protest contains information that should be withheld from the public record, a statement advising the District Representative of this fact shall accompany the submission and the information shall be identified. The District Representative shall review the statement and information and shall determine, in writing, whether the information shall be withheld. The information identified by the Vendor or Bidder as confidential shall not be disclosed until the District Representative makes a written determination. If the District Representative determines to disclose the information, the District Representative shall inform the Vendor or Bidder, in writing, of such determination.

2.14 **Vendor Licensing and Registration.** Prior to the award of the Contract, the successful Bidder shall (A) be registered with the Arizona Corporation Commission and authorized to do business in Arizona and (B) have a completed Request for Vendor Number on file with the City of Tucson Department. Bidders shall provide license information with the Bid, attached as Exhibit B and incorporated herein by reference. Upon the District’s request, corporations, limited liability companies, partnerships or other entities shall provide Certificates of Good Standing from the Arizona Corporation Commission.
2.15 Certification. By submitting a Bid, the Bidder certifies:

A. No Collusion. The submission of the Bid did not involve collusion or other anti-competitive practices.

B. No Discrimination. It shall not discriminate against any employee or applicant for employment in violation of Federal Executive Order 11246.

C. No Gratuity. It has not given, offered to give, nor intends to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip favor or service to a District or City of Tucson employee, officer, agent or elected official in connection with the submitted Bid or a resultant Contract. In the event that the resultant Contract is canceled pursuant to subsection 3.27(D) below, the District shall be entitled, in addition to any other rights and remedies, to recover and withhold from the Vendor an amount equal to 150% of the gratuity.

D. Financial Stability. It is financially stable, solvent and has adequate cash reserves to meet all financial obligations including any potential costs resulting from an award of the Contract.

E. No Signature/False Statement. The signature on the Bid is genuine. Failure to sign the Bid, or signing it with a false statement, shall void the submitted Bid and any resulting Contract and the Bidder may be debarred from further bidding in the District.

2.16 Award of Contract.

A. Multiple Award. The District may, at its sole discretion, accept Bidder’s Offer as part of a Multiple Award.

B. Line Item Option. Unless the Bidder’s Offer indicates otherwise, or unless specifically provided within the Contract, the District reserves the right to award by individual line item, by group of line items, or as a total, whichever is deemed most advantageous to the District. The District’s flexibility with respect to the method of award also includes any items bid as alternates, which may be accepted or rejected, in whole or in part, at the District’s sole discretion.

C. Evaluation. The evaluation of this Bid will be based on, but not limited to, the following: (1) compliance with Specifications, (2) Price, including alternates, if any, but excluding “as-needed” services requested by the District and (3) Bidder qualifications to provide the Materials.

D. Waiver; Rejection; Reissuance. Notwithstanding any other provision of this IFB, the District expressly reserves the right to: (1) waive any immaterial defect or informality, (2) reject any or all Bids or portions thereof and (3) cancel or reissue an IFB.

E. Offer. A Bid is a binding offer to contract with the District based upon the terms, conditions and Specifications contained in this IFB and the Bidder’s responsive Bid, unless any of the terms, conditions, or Specifications are modified by a written addendum or contract amendment. Bids become binding Contracts when the Acceptance of Offer and Notice of Award is executed in writing by the District. Bidder Offers shall be valid and irrevocable for 90 days after the Bid Opening.

F. Protests. Any Bidder may protest this IFB issued by the District, the proposed award of a Contract, or the actual award of a Contract. All protests will be considered in accordance with the District Procurement Code.
ARTICLE III – GENERAL TERMS AND CONDITIONS

3.1 Compensation. The District shall pay the Vendor for Materials delivered and accepted by the District at the rates as set forth in the Price Sheet. The Vendor shall not commence any billable work or provide any Materials under this Contract until the Vendor receives an executed purchase order from the District.

3.2 Payments. The Vendor will be paid on the basis of invoices submitted following acceptance of the Materials. All invoices shall document and itemize all Materials delivered in sufficient detail to justify payment and shall include the Purchase Order number authorizing the transaction and shall be delivered to the District’s Accounts Payable address indicated on the face of the Purchase Order, unless otherwise specified. All transportation charges must be prepaid by the Vendor. If invoice is subject to a cash discount, the discount period will be calculated from the date of receipt of the claim or the Materials, whichever is later.

3.3 Documents. All documents prepared and submitted to the District pursuant to this Contract shall be the property of the District.

3.4 Deliveries. Time is of the essence for all orders placed under this Contract. Deliveries shall be made per specifications. Product documentation required by Section 3.14 shall be delivered to the District upon delivery of the Materials. Delivery shall not be considered complete until the District is in receipt of the manuals. Vendor shall retain title and control of all Materials until they are delivered and the District has accepted delivery. All risk of transportation and all related charges shall be the responsibility of the Vendor. All claims for visible or concealed damage shall be filed by the Vendor. The District will notify the Vendor promptly of any damaged Materials and shall assist the Vendor in arranging for inspection. The District reserves the right to cancel and reject the Materials upon default by Vendor in time, rate or manner of delivery. The District also reserves the right to refuse shipments made in advance of any scheduled delivery date appearing on the Purchase Order.

3.5 Quantity. The quantity of Materials ordered must not be exceeded or reduced without the District’s permission, in writing, except in conformity with acknowledged industry tolerances.

3.6 Changes; Cancellation. The District reserves the right to cancel or make changes in the Materials to be furnished by the Vendor within a reasonable period of time after issuance of Purchase Orders. If such changes cause an increase or decrease in the amount due under the Purchase Order, or in the time required for Vendor’s performance, an acceptable adjustment shall be made and the Purchase Order shall be modified in writing accordingly. Any agreement for adjustment must be asserted in writing within ten days from when the change is ordered. Should a Purchase Order be canceled, the District agrees to reimburse the Vendor but only for actual and documentable costs incurred by the Vendor due to and after issuance of the Purchase Order. The District will not reimburse the Vendor for any costs incurred after receipt of a notice of cancellation from the District, or for lost profits, shipment of product or costs incurred prior to issuance of a Purchase Order.

3.7 F.O.B. Unless otherwise agreed to in writing, signed by the Board Chair or authorized designee, all delivery terms are “F.O.B. Destination” and are to be prepaid. All other freight charges are to be prepaid and charged on the invoice. If a cash discount is not permitted on freight charges, then specific notation of this must be shown on the invoice.

3.8 Packing. No extra charges shall be made for packaging or packing material unless authority is expressly incorporated in this Contract. Vendor shall be responsible for safe packing which must conform to the requirement of the selected carrier’s tariffs. All shipments must carry the correct quantity, product identification, Purchase Order number, receiving address and product department plainly marked on all packages. Cars or trucks must be loaded to minimum weight requirements to ensure lowest rate, unless otherwise specified. Vendor will be charged with excess freight costs that the District is required to pay.

3.9 Performance Warranty. All Materials supplied pursuant to this Contract shall be fully guaranteed by the Vendor for a minimum period of one year from the date of acceptance by the District (or such longer period as may be provided under warranties for street sign supplies or hardware). Any defects in design,
workmanship or Materials that would result in non-compliance with Contract Specifications shall be fully corrected by the Vendor (including parts and labor) without cost to the District. Vendor further agrees to execute any special guarantees as provided by the Contract or by law. Vendor shall require similar guarantees from all of its vendors or its Subcontractors. Vendor shall include a complete and exclusive statement of the product warranty.

3.10 **Price Warranty.** Vendor shall give the District the benefit of any price reductions before actual time of shipment. If the District permits shipment to be made prior to specified shipping date, the District shall have advantage of any price reductions that occur before the originally-scheduled shipping date.

3.11 **Inspection; Acceptance.** All Materials are subject to final inspection and acceptance by the District. Materials failing to conform to the Specifications of this Contract will be held at Vendor’s risk and may be returned to the Vendor. If so returned, all costs are the responsibility of the Vendor. Upon discovery of a non-conforming Material, the District may elect to do all or part of the following by written notice to the Vendor: (A) waive the non-conformance; (B) stop the use of the non-conforming Material immediately; or (C) bring Material into compliance and withhold the cost of same from any payments due to the Vendor.

3.12 **Waiver.** Waiver by the District of a condition in any shipment shall not be considered a waiver of (A) any other terms of this Contract or (B) that condition for subsequent shipments.

3.13 **Product Documentation.** Books, manuals or CD’s when possible, shall accompany each unit and provide complete and comprehensive information on all Materials, components and accessories, as supplied to comply with the Specifications. If changes, modifications, additions or alterations of any kind are made on the Materials, the Vendor shall provide blueprints, line drawings and descriptive text sufficient to allow a person of average skill in general mechanics to diagnose, repair and maintain the Materials and all components. On Materials assembled from manufactured components, parts manuals shall show the manufacturer of each part and all cross-referencing between the Vendor and the manufacturers. The District shall have the right to reproduce any equipment/product documentation for District maintenance and educational purposes only.

3.14 **Product Discontinuance.** In the event that a product or model is discontinued by the manufacturer, the District, at its sole discretion, may allow the Vendor to provide a substitute for the discontinued item. The Vendor shall request permission to substitute a new product or model and provide the following: (A) a formal announcement from the manufacturer that the product or model has been discontinued, (B) documentation from the manufacturer that names the replacement product or model, (C) documentation that provides clear and convincing evidence that the replacement meets or exceeds all Specifications required by the original solicitation, (D) documentation that provides clear and convincing evidence that the replacement will be compatible with all the functions or uses of the discontinued product or model and (E) documentation confirming that the price for the replacement is equal to or less than the discontinued product or model.

3.15 **No Replacement of Defective Tender.** Every tender of Materials shall fully comply with all provisions of the Contract. If a tender is made which does not fully conform, this shall constitute a breach of the Contract as a whole.

3.16 **Shipment Under Reservation Prohibited.** Vendor is not authorized to ship Materials under reservation and no tender of a bill of lading will operate as a tender of the Materials.

3.17 **Liens.** All Materials shall be free of all liens and, if the District requests, a formal release of all liens shall be delivered to the District.

3.18 **Right to Assurance.** Whenever one party to this Contract in good faith has reason to question the other party’s intent to perform it may demand that the other party give a written assurance of its intent to perform. In the event that a demand is made and no written assurance is given within five days, the demanding party may treat this failure as an anticipatory repudiation of the Contract.

3.19 **Right to Inspect Plant.** The District may, at reasonable times, inspect the part of the plant or place of business of the Vendor or any Subcontractor that is related to the performance of this Contract.
3.20 **Patents and Copyrights.** All services, information, computer program elements, reports and other deliverables, which may be patented or copyrighted and created under this Contract are the property of the District and shall not be used or released by the Vendor or any other person except with the prior written permission of the District.

3.21 **Advertising.** Vendor shall not advertise or publish information concerning this Contract without prior, written consent of the District.

3.22 **Licenses; Materials.** Vendor shall maintain in current status all federal, state and local licenses and permits required for the operation of the business conducted by the Vendor. The District has no obligation to provide Vendor, its employees or Subcontractors any business registrations or licenses required to perform the specific Services set forth in this Contract. The District has no obligation to provide tools, equipment or material to Vendor.

3.23 **Indemnification.** To the fullest extent permitted by law, the Vendor shall indemnify, defend and hold harmless the District and each board member, officer, employee or agent thereof (the District and any such person being herein called an “Indemnified Party”), for, from and against any and all losses, claims, damages, liabilities, costs and expenses (including, but not limited to, reasonable attorneys’ fees, court costs and the costs of appellate proceedings) to which any such Indemnified Party may become subject, under any theory of liability whatsoever (“Claims”), insofar as such Claims (or actions in respect thereof) relate to, arise out of, or are caused by or based upon the negligent acts, intentional misconduct, errors, mistakes or omissions, in connection with the performance of the Vendor, its officers, employees, agents, or any tier of Subcontractor in the performance of this Contract. The amount and type of insurance coverage requirements set forth below will in no way be construed as limiting the scope of the indemnity in this Section.

3.24 **Insurance.**

A. **General.**

1. **Insurer Qualifications.** Without limiting any obligations or liabilities of Vendor, Vendor shall purchase and maintain, at its own expense, hereinafter stipulated minimum insurance with insurance companies authorized to do business in the State of Arizona pursuant to ARIZ. REV. STAT. § 20-206, as amended, with an AM Best, Inc. rating of A- or above with policies and forms satisfactory to the District. Failure to maintain insurance as specified herein may result in termination of this Contract at the District’s option.

2. **No Representation of Coverage Adequacy.** By requiring insurance herein, the District does not represent that coverage and limits will be adequate to protect Vendor. The District reserves the right to review any and all of the insurance policies and/or endorsements cited in this Contract but has no obligation to do so. Failure to demand such evidence of full compliance with the insurance requirements set forth in this Contract or failure to identify any insurance deficiency shall not relieve Vendor from, nor be construed or deemed a waiver of, its obligation to maintain the required insurance at all times during the performance of this Contract.

3. **Additional Insured.** See below in Section 10.

4. **Coverage Term.** All insurance required herein shall be maintained in full force and effect until the terms of this Contract are satisfactorily performed, completed and formally accepted by the District, unless specified otherwise in this Contract.

5. **Primary Insurance.** Vendor’s insurance shall be primary insurance with respect to performance of this Contract and in the protection of the District as an Additional Insured.

6. **Claims Made.** In the event any insurance policies required by this Agreement are written on a “claims made” basis, coverage shall extend, either by keeping coverage in force or purchasing an extended reporting option, for three years past completion and acceptance of the services.
Such continuing coverage shall be evidenced by submission of annual Certificates of Insurance citing applicable coverage is in force and contains the provisions as required herein for the three-year period.
