CHAIRMAN McCUSKER: I need a motion to 7 reconvene. 8

9 **MR. IRVIN:** So moved. MR. MAROUEZ: Second. 10

CHAIRMAN McCUSKER: All in favor say aye.

(Motion made, seconded and passed unanimously)

CHAIRMAN McCUSKER: Good afternoon, everyone. 13 14 Thank you for your patience. This seems to be working pretty well in a Zoom environment. We spent about an hour with our lawyer and then reconvened publicly.

You can see we still have a lot of stuff going 17 on that we're going to talk about as soon as Dan's done with his report, the extraordinary project at 75 East Broadway. We remain very optimistic about Tucson's future post-pandemic, you know, with the One South Church project and the Bautista. The Tucson Convention Center, we're going to talk about that today, it remains ahead of schedule and on budget, and, you know, this huge project

Page 6

The biggest challenge we have is getting from 2 here to there. As we all know now, this is not a 3 short-term pause. The people that are in the concert 4 business will tell you that, you know, promoters and

5 talent bookers are not booking anything probably until May

6 of next year, so we're really worried about our little

downtown, particularly the arts, places like the Fox, the

8 Rialto, the arena. You know, the fact that it's dark has 9 allowed us to speed up our construction schedule, but, I

10 tell you, I'd much rather have the Beach Boys in there

11 than a bunch of laborers, but it doesn't look like any of

that's going to come back probably until late spring,

maybe summer of next year. 13

So how do we get there from here. You know, 14 that's the challenge I think we all face. We have done one round of stimulus. You'll hear from our CFO today things are looking okay for us financially. We did 17 release the money for the big five that we talked about in the last meeting, so we've tried to shore up the Jazz Festival, the Dusk Festival, the El Tour de Tucson, Second

Saturday and the New Year's Eve celebration associated

with the Arizona Bowl. Those are huge events for

downtown. They're all dark. They've all furloughed the

24 substantial majority of their staff. We're just trying to 25 keep them -- enough money to keep the lights on, you know.

11

13

1 But when you look around at the ballet, the opera, the

symphony, you know, they're all in the same position. So, you know, I think you know Congress is 4 debating follow-on stimulus. There's some money for the

arts in there that seems to be stymied, you know, so we're appropriately worried. In the meantime, we're going to do

everything we can and, you know, continue to focus on economic development.

9 So, Dan, you have some good news, I think, for us in the financial report. 10

Dan, you're muted.

12 **MR. IRVIN:** Dan, you're muted.

MR. MEYERS: Okay. Let's try that again.

There is some good news here today. We 15 received our July TIF revenue. It was \$653,000, so that

was a little more than we were expecting, not that my

crystal ball is very clear, but the big box stores

continue to make -- make good things happen. Retail was pretty much consistent over the last few months, about

80 -- 80 percent of the prior year's amount, 85 percent.

So, again, the big box stores are carrying most of the burden on that.

23 Restaurants and bars for May and June, we are 24 about 60 percent of the preceding year, and we popped up 25 to 70 percent in July. Again, it's the chain restaurants

Page 8

1 and drive-ins carrying the load on that, although I did

2 see some of the local restaurants start to pick back up a 3 little bit. I'm pretty well convinced there's demand for

4 people wanting to get out and go to restaurants and I

5 think -- well, I heard they're getting ready to open

things up on October 1st, so hopefully there's a big

enough pent up demand to really get our restaurants going.

The other thing helping us out in July was our

9 construction revenue sales tax. It was about \$300,000. It was 40 last year. So we've got the Broadway project,

we've got the Tucson Community Center, we've got the

hotels, we've got residential stuff going on, so construction is a huge help to us right now.

You'll see we've got about \$7.5 million in the 15 bank at the end of August. That's net of some things that we got some advances on. Each month I request a reimbursement from Bank of Oklahoma for our construction costs on the TCC and sometimes I have to get them paid if

there's a little bit of lag, so there's about \$1.5 million 20

waiting to be disbursed. 21 And then we got our advance from the Bank of

22 Oklahoma for our mortgage, a debt service payment, and again we see that in August and September. That's

24 automatic, so I subtract that from the actual cash on hand

25 in August. So we've got about \$7.8 million when we add

- 1 back what we received in September, which, again, is our
- 2 TIF revenue of 650,000, and then we got \$160,000 from the
- 3 Road Runner surcharge -- ticket surcharge and we have to
- 4 put half of that aside, so 650 and 80 is the 730 you see
- 5 there that I added back.
- And then we're going to be handing out some
- 7 significant rebates. Most of them are construction
- 8 revenues for the hotels, so net of those, we've got about9 \$7.8 million available.
- What's not in there is the money we'll be
- 11 sending to the big five. We'll be doing that later this
- 12 month.
- From a commitment standpoint, we've got about
- 14 \$6.8 million in commitments out there. Some of those are
- 15 sitting on the deferred list, so the commitments that I
- 16 believe are going to be coming our way next year is about
- **17** 4.3, 4.4 million.
- Any questions on that? I've got one other
- 19 thing I want to show to you all. Any questions on this
- 20 page?
- MR. MARQUEZ: Dan, this is an educational
- 22 question. So you mentioned construction sales tax coming
- 23 in from the Broadway Corridor, which is the RTA, a
- 24 government entity. So RTA is the government. The fact
- 25 that they're spending money with local construction

- 1 MR. MARQUEZ: That's fantastic.
- 2 MR. MEYERS: I have a detailed list by game 3 from SMG, so --
- 4 So here's just our little schedule I prepared.
- 5 I actually keep an ongoing list for years on this, but it
- 6 shows the revenues for 2019 by month, and then to the
- 7 right, it shows the revenues for 2020. So, of course, you
- 8 know, the pandemic kind of struck us in March and you can
- 9 see, you know, we're 70, 75 percent of 2019, July and
- 10 August being typically our -- typically our slowest
- 11 months, and then they start picking up. You know, the U
- 12 of A students come to town, the snowbirds start coming
- 3 back and stuff.
- I think the thing you need to keep in mind when
- 15 you look at these, though, is this is net at the
- **16** baselines. So baseline, you're going to go back to 1999.
- 17 And they jump around pretty good, but I think this is a
- 18 pretty good little schedule showing what -- you know, what
- 19 went on last year. Hopefully we start getting closer to
- 20 100 percent as the last few months of the year come our
- **21** way.

5

- **MR. MARQUEZ:** For being in a pandemic, I know
- 23 they're 75 percent, but I think those numbers look great
- 24 for being in a pandemic.
- MR. MEYERS: It's the construction sales tax.

Page 10

- 1 companies or construction companies, those construction
- 2 companies still pay that construction sales tax?
- 3 MR. MEYERS: Yes.
- 4 MR. MARQUEZ: Cool.
- 5 **MR. MEYERS:** We pay sales tax on what we build 6 as well, so --
- 7 MR. MARQUEZ: Okay. Great. And I'm just
- 8 curious. On note number two, Roadrunner ticket surcharge
- 9 received in September, so that's active ticket sales for
- 10 the upcoming season?
- **MR. MEYERS:** That was last season.
- MR. MARQUEZ: Oh, okay.
- MR. MEYERS: It's all reconciled by SMG and
- 14 they disbursed the funds earlier this month.
- **MR. MARQUEZ:** Okay. Thank you.
- 16 **MR. MEYERS:** Okay.
- 17 CHAIRMAN McCUSKER: Dan, I think that's a
- 18 7-dollar ticket. Do you know offhand?
- MR. MEYERS: I think it's \$2.
- MR. IRVIN: Two bucks.
- 21 CHAIRMAN McCUSKER: All right. So that
- 22 represents 80,000 tickets for this last season?
- MR. MEYERS: Right.
- 24 CHAIRMAN McCUSKER: Right. So they had 80,000
- 25 fans at their hockey games pre-pandemic.

- 1 You take this construction sales tax out of that and, you
- 2 know, we're not anywhere near that. But, you know, again,
- 3 these numbers are a little higher than I've been expecting
- 4 and I hope the trend continues.
 - CHAIRMAN McCUSKER: You'll remember when we
- 6 deferred the projects and the marketing budget, we thought
- 7 April, May and June could go to zero, so we've actually
- 8 collected almost \$3 million at a time when we weren't
- b conceted annost ψ5 minion at a time when we weren
- 9 certain we would collect anything.
- 10 **MR. MARQUEZ:** That's fantastic.
- 11 MS. COX: Fantastic.
- **MR. MEYERS:** So, anyway, any more questions?
- .3 I'm happy to answer anything. I'll try to at least.
- CHAIRMAN McCUSKER: I think things are going to pick up. You know, we didn't mention it in my remarks,
- 16 but the downtown restaurant sector is focused on reopening
- 17 everything October 1st. I'm beginning to see the Broadway
- 18 Corridor restaurants active and open. And the malls, of
- 19 course, they're open. At Home is open. The big box
- 20 stores are open. So, you know, I'm knocking on wood.
- 20 Stores are open. So, you know, I'm knocking on wood
- 21 It's conceivable we could begin to approach, you know, 22 kind of 2019 numbers if everybody gets back open and can
- 23 stay open.

MR. MEYERS: Yeah. I think that's obviously

25 the key here, so keep our fingers crossed.

1 CHAIRMAN McCUSKER: Thank you.

2 Any questions for Dan?

3 (No oral response).

4 CHAIRMAN McCUSKER: Dan, thanks. Nice job.

Item number one, 75 East Broadway.

Marcel, I see you online, so you can unmute yourself and give us the update on the project.

8 MR. DABDOUB: Thank you, Mr. Chairman, members 9 of the board.

We've made a lot of progress in the

11 underwriting with Lord Cap, which is the institute that's

12 funding the -- the 20 percent loan. They've sent us

13 requests for information, and as of this point, we've sent

14 every single item with the exception of one -- one

15 document, which is the operating agreement with -- with

16 BAC, which we expect to finalize this week. So, you know,

17 we've -- they have everything from our end. The

.8 underwriting process for that loan seems to be moving

19 along pretty quickly.

I don't have any -- any further details to

21 provide on that, but, you know, we can certainly keep you

22 posted. We expect to have loan documents by next week. I

23 know Mr. Collins and Mr. Hecker may have had follow-up

24 discussions with the attorney, who has already provided a

25 preliminary structure for that loan, and we have kicked

1 this all out. It's quite complex. You may have seen the

2 maze they finally came up with. So if there's any

3 document that you have that's missing, it would be a great

4 idea to get that to Mark.

MR. DABDOUB: I will send that to Mark

6 immediately after this call and follow up with him as7 well.

MR. SHEAFE: Okay. Thank you.

9 CHAIRMAN McCUSKER: You're being pretty cool,

calm and collected about all this, but I think you have put together a 100 million-dollar deal to build a 20-story

12 tower -- mixed use tower across the street from TEP and

that we're moving to documents. Yeah.

And I think I heard you mention October 7th, so 15 I think, Mr. Collins, right, we're trying to get all the 16 legal work done by that date so we can make that board of

17 supervisors meeting?

MR. COLLINS: Mr. Chairman, members of the board, that's precisely correct. All of the folks working on these documents, from the last phone call we had,

21 that's the target, to have all of the documents

22 prepared -- maybe not fully executed, but certainly fully

23 prepared by October 7 so the board of supervisors can take

24 it up at their next meeting, which I believe is the 10th

25 after that.

Page 14

off the appraisal, which should be completed byOctober 7th.

MR. SHEAFE: Do you have a firm lawyer commitment at this point, Marcel?

5 **MR. DABDOUB:** We signed the -- the term sheet 6 that was provided sometime ago for -- which -- which

7 specified the -- the 25 million-dollar amount. And at

8 this point, Mr. Sheafe, we're just going straight into the

9 loan documents. So since that term sheet, there's been a

10 lot of discussions with Mark Collins, with Larry Hecker, with us that have further defined the structure for that

12 loan so that it meets (inaudible) Capital's requirements

13 for their equity contribution. So we don't have a revised

14 letter. In the interest of time, we're just basically

15 going straight into negotiating the documents.

MR. SHEAFE: Well, the reason I asked is that Mark Collins needs to have details on the structure of the

18 loan. There's a dizzying array of documents being

19 prepared and it would be greatly helpful if --

MR. DABDOUB: Sure.

MR. SHEAFE: -- if he had the outline that said this is what needs to be included. And there's all these

23 documents that have to cross reference each other. It's

24 really quite a task putting this thing together and I have 25 to -- hats off to the lawyers who are trying to figure

raye 14

MR. SHEAFE: Well, I know you're already working on this, Mark, but I sense that you would like

3 further support from the board for a motion to authorize

4 you to continue to work on the documents as necessary and

5 authorize the executive officers to execute the documents

6 so we can keep this process working quickly.

I can put that in the form of a motion is

I can put that in the form of a motion if that's helpful to your effort.

9 **CHAIRMAN McCUSKER:** I believe you did. If .0 somebody would have seconded that, I think --

MR. IRVIN: I'll second that.

CHAIRMAN McCUSKER: So what we would be voting

3 on is the authority to execute the closing documents for

14 75 East Broadway.

I think you may want to add, Mr. Sheafe,

subject to no material change and get all that done in time to make the next board of supervisors meeting. So

18 I -- you know, I think you may --

Mr. Collins, should we authorize that maybe subject to no material changes?

MR. COLLINS: Mr. Chairman, I think no material changes certainly. And it also ought to be subject to the board of supervisor's approval. And we all know that the board of supervisors needs to be on board with this. And

25 so, Mr. Sheafe's motion and Mr. Irvin's second, based upon

12

that and what you've already given me as authority, I
believe I have what I need to get the documents together
by October 7th.

4 **CHAIRMAN McCUSKER:** Any questions for Marcel or 5 for counsel?

MR. DABDOUB: If I may clarify, the October 7th date is the deadline we received from the appraiser for completion of the appraisal. I -- I don't have a closing date on that loan. I'm hoping it's going to be as quickly as possible. This is our first time working with Lord Capital in New York. I just want to clarify that the -- that the date was for completion.

13 CHAIRMAN McCUSKER: Yeah. We don't view that 14 as the closing date. We view that as our deadline to get 15 everything executed and to the county.

Mr. Collins, is that correct?

MR. COLLINS: Mr. Chairman, members of the board and Marcel, as I understood our last conversation, Lord Cap's lawyer said it was achievable to get the documents together by the 7th, because I believe I was the 21 one that said that that was the deadline for Mr. Moffatt 22 and others to get all of the documents to the supervisors in time for their meeting on the 10th.

MR. SHEAFE: Marcel, I think we're heading in the right direction.

like a gift when people, you know, revisit it and see all
 the great things that are going on. Great job, man. I'm
 super excited for this and so appreciative.

MR. SHEAFE: Well, to add support for that, 5 basically when you look at the size of it and the fact 6 that the lenders have not required pre-lease, which 7 oftentimes is the case -- and I personally talked to them.

8 I was really quite astounded at that. It is quite a
9 testament to the fact that Tucson is a little bit in the
10 sunshine right now. And what's going to happen is this
11 building's going to be under construction and there's
12 going to be these big plates available. And that's going

to bring some fairly heavy employment to relocate.

If you talk -- and Fletcher could be more
articulate about this, but just talking to the Sun
Corridor people, they've been overwhelmed by the interest
by companies that are trying to transfer away from these
markets that unfortunately are run by people who are
creating a lot of social unrest and higher taxes and
demands and whatnot and they're looking to places like
South Carolina and places like Tucson and this becomes a
very attractive relocation with a huge cost benefit.

So it really is a tremendous thing for all of 24 us and Marcel and his team, Ron and whatnot. They deserve 25 a lot of credit because this is not something that could

Page 18

Page 20

CHAIRMAN McCUSKER: It likely would close
thereafter, but the deadline for the Rio Nuevo board is to
get -- for you to get everything done by the 7th so it can
be executed by us and presented to the board of

6 MR. COLLINS: Correct.

5 supervisors.

7 **MR. DABDOUB:** I think the board of supervisors 8 meeting is on the 6th. Is that correct?

o meeting is on the out. Is that come

9 **MR. IRVIN:** No, 10th.

10 **MR. DABDOUB:** The 10th. Okay. So the deadline 11 is on the 6th. Okay.

MR. SHEAFE: On the 7th.

MR. DABDOUB: On the 7th.

14 CHAIRMAN McCUSKER: Mr. Marquez, you had your 15 hand up.

MR. MARQUEZ: I just want to say what I think everyone's thinking. I just wanted to say thank you,

.8 Marcel. This is a local developer who put together a deal

in which JE Dunn didn't or couldn't get done for a 100

20 million dollar, 20-story building downtown. Thank you for

21 continuing to invest in downtown. Tucson's got a bright 22 future because of folks like you. And this building will

23 be around for our lifetime. This is a 100 million dollar,

24 20-story building. This is a massive victory in the midst

25 of a pandemic in an amazing downtown that's going to be

1 be done by very many people.

MR. IRVIN: I think it's also important to note, Chris, that this is the first office mixed use

4 building that's been built like this in downtown Tucson in

5 over 35 years. One South Church was the last one, and

6 that was in '85. So that gives you any sort of reflection7 of kind of just how big this thing is for downtown.

8 That's the best snapshot in the world. And then to have a

9 project that's got, you know, parking and office space and

10 retail and then a rooftop deck and residential, I mean,11 it's like the super trifecta. It's awesome.

MR. COLLINS: Mr. Chairman.

13 CHAIRMAN McCUSKER: Go ahead.

MR. COLLINS: Thank you. I just thought I ought to clean up the dates. The 7th stuck in my mind as the deadline for the lawyers to get their job done because that was really my deadline. I thought the board of supervisors meeting was the 10th, but I've looked at it and it's on the 20th. We still have to get the documents together by the 7th to get them to the supervisors in time

21 for them to be able to address it during their meeting on

the 20th of October.CHAIRMAN M

23 **CHAIRMAN McCUSKER:** Okay. Well, that's a 24 little more doable.

MR. COLLINS: For everybody but me.

Min-U-Script® Kathy Fink & Associates (5) Pages 17 - 20

25

Page 19

CHAIRMAN McCUSKER: The point is not lost on

- 2 any of us, particularly me. So we're moving to close on 3 the largest project we've ever been involved with at a
- 4 time when clearly the betting money was that this would
- 5 have folded.
- What's really interesting about what's 6
- 7 happening to Tucson right now, Chris touched on it, these
- 8 are both huge lenders from back east and Tucson for
- 9 whatever reasons is on the radar as a very desirable
- 10 location post-pandemic. We have never seen more inbound
- 11 activity from companies. Surprisingly, Tucson is the
- 12 number one Googled city in the U.S. right now. When you
- look at houses for sale, the first city that comes up from
- 14 Lending Tree or Zillow or Realtor. Com is Tucson, Arizona.
- 15 So the challenge for us is to seize the moment,
- which means economic development, but we've also got to
- keep all the things that made us attractive together so
- that when these things happen, you know, there's a theater
- to go to and a ballet and a symphony and, you know,
- restaurants. So, you know, we've got to really balance
- these forces, but I think you're going to see more inbound
- activity as people really look to Tucson and its future.
- And it's not so -- it's how were dispersed and
- 24 the fact that there's not a lot of high-rise apartment
- 25 dwellings and, you know, it's been easy to get around.

1 CHAIRMAN McCUSKER: Thank you very much.

Page 23

Page 24

- Item number eight, we're going from
- 3 \$100 million to \$400,000, but it's very important for the
- 4 TCC. We talked about it in Dan's presentation. We get a
- ticket surcharge when the Roadrunners sell a ticket. And
- the intent of that money was to use it to benefit hockey.
- And we have a proposal from Glenn, and I see Glenn online,
- to use a large portion of that money to benefit the hockey
- program.
- 10 Mr. Marquez.
- 11 MR. MARQUEZ: Maybe I missed it. Did we vote
- 12 on the motion?
- CHAIRMAN McCUSKER: Oh, yeah, I don't think we 14 did vote on the motion.
- 15 MR. IRVIN: I'm not sure we need to. Didn't we
- 16 already authorize that before? Do we need --CHAIRMAN McCUSKER: Well, we did have a motion
- MR. HILL: Yeah, we did. 19

and a second, I believe.

- CHAIRMAN McCUSKER: Yeah. So, Brandi, let's go 20
- 21 backwards.

23

- 22 And thank you, Mr. Marquez.
 - Call the roll on the motion to proceed to
- 24 documents for 75 East Broadway.
- 25 MR. HILL: And execution.

Page 22

- 1 There's open space, so all the things that were attractive 1
- 2 about Tucson pre pandemic are even more attractive about
- 3 Tucson post pandemic.
- And Rio Nuevo is in the cat's cradle. We have
- 5 until 2035 to continue to invest the state's money, so I'm
- good for the duration. I think we all signed up for that
- I think Mr. Irvin will be like 100.
- Anything, else for Marcel or for Mr. Collins? 8
- 9 (No oral response).
 - CHAIRMAN McCUSKER: Congratulations, Marcel.
- 11 We never doubted you, but you did make us a little 12 nervous.
- MR. DABDOUB: Mr. Chairman, members of the 13
- 14 board, I -- I really want to thank you for the vote of
- confidence, but this has really been a team effort. It
- wouldn't have come together if we didn't have, you know,
- the support, if we didn't have Mark Collins, Larry Hecker,
- 18 my partner Ron Schwabe, Swaim Associates. If any of those
- pieces would have been missing, this wouldn't happen. And
- 20 I -- I don't want to let my guard down. Until we receive
- 21 the funds, I'm -- I'm a nervous wreck, so --
- 22 CHAIRMAN McCUSKER: We'll lose sleep with you.
- 23 Congratulations again. And if you need anything, Marcel,
- 24 let us know.

10

25 MR. DABDOUB: Thank you.

- MS. HAGA-BLACKMAN: Mark Irvin.
- **MR. IRVIN:** Aye. 2
- MS. HAGA-BLACKMAN: Chris Sheafe. 3
- **MR. SHEAFE:** Aye. 4
- MS. HAGA-BLACKMAN: Jeff Hill. 5
- 6 MR. HILL: Aye.
- MS. HAGA-BLACKMAN: Edmund Marquez? 7
- MR. MARQUEZ: Aye. 8
- 9 MS. HAGA-BLACKMAN: Jannie Cox?
- MS. COX: Ave. 10
- MS. HAGA-BLACKMAN: Fletcher McCusker. 11

CHAIRMAN McCUSKER: Aye. So that's unanimous

- and, again, something this whole community should
- 14 celebrate. Literally no pun intended. It's a phoenix
- rising out of a lot of ashes that got worse with COVID 19.
- So we'll move on now, Glenn. If you can log on 16
- 17 and talk about the reserve funds and what you want to do.
- Are you online? 18
- 19 **MR. SHEAFE:** He's muted.
- MR. GRABSKI: I apologize. I was trying to --20 can you hear me now? 21
 - CHAIRMAN McCUSKER: We hear you. We see your
- name, which is probably better than seeing your face. MR. GRABSKI: Oh, you know what, you all missed 24
- 25 me.

1 MR. IRVIN: Check that out, Santa Claus.

MR. GRABSKI: You missed me, I know that. 2

CHAIRMAN McCUSKER: What happened to Glenn

Grabski and where did he go?

MR. GRABSKI: Who is that bearded man. 5

CHAIRMAN McCUSKER: Yeah, who is that man that 6

says he's Glenn Grabski?

MR. GRABSKI: This is my COVID beard. I

started growing it when we didn't have any meds and I said

I was going to cut it when we do, so I hope it doesn't --CHAIRMAN McCUSKER: You look like ZZ Top. 11

12 **MR. MARQUEZ:** Where's your Harley?

MR. GRABSKI: I need one of those spitting. 13

14 fuzzy guitars.

3

15

CHAIRMAN McCUSKER: So we've seen the proposal,

Glenn, so if you want to touch on the highlights for us. 16

MR. GRABSKI: Yes. So, as you know, \$2 per 17 ticket is charged. Half of that we save for the emergency

fund. The other part, it goes back to help repay the

additional roughly \$3.2 million in the locker room 20

renovation. 21

What we have reached here is basically the end 22

of life of the existing hockey dashers and glass. It's

been about five years. With two teams and now an indoor

25 football team, they -- they do take a beating. It's a

1 with the Roadrunners that we reserve money that goes back

2 into their improvements. And we're actually facilitating

Page 27

Page 28

3 this, which will benefit not only the hockey side but also

the football side. Is there any problem using the

Roadrunner money to take care of something that benefits

the football even though it also benefits the hockey?

CHAIRMAN McCUSKER: Mr. Collins is probably the 8 best person to answer that.

MR. COLLINS: Mr. Sheafe, that concerns me not 10 at all. The football team came in after the hockey and it is -- it's going to benefit by it, too. And -- and, as --

12 I believe it was Mr. McCusker who said that's why we

created this.

MR. SHEAFE: Well, that's terrific, so --14

15 CHAIRMAN McCUSKER: The numbers, Glenn, are somewhere around 300, maybe 350, you know, so --

MR. GRABSKI: They're slightly over 300. 17

CHAIRMAN McCUSKER: And there's probably some 18 19 installation costs, maybe some labor that's not in there,

so we thought what we'd do is authorize the project so long as you don't exceed the reserve. So that's about

22 400,000. And as long as you can get everything you want

to purchase purchased and labor and you don't exceed that

number, then I think we're prepared to authorize it.

25 MR. SHEAFE: And, by the way, Dan might want to

Page 26

1 great time given the fact that the hockey season is being

2 pushed back. To when I'm not quite sure, hopefully 3 December, January. Then we can get the dashers.

The HL is going to be moving toward. The top 5 of the dashers where the dashers meet the glass is what's

going to be called the soft cap. It's kind of a padded surface. It's a safety feature. We'd be complying with

8 HL regulations that we will need.

Also, by getting new dashers, we're able -- we 10 would like to get an extra player door, which is a request 11 by the Sugar Skulls. It makes sense given the way they enter and exit the field, because obviously the dasher would be useful for indoor football. 13

And the last big portion for us is that right 14 now we use mostly tempered -- mostly acrylic, but there's parts of it that are tempered glass. We would like to go

to all acrylic for ease of operation and also safety.

Acrylic is much safer than tempered, you know, because glass does break.

20 So I -- I would like to request that some of 21 your funds that are just sitting there be used at this 22 time for a new hockey dasher system.

23 **MR. SHEAFE:** A quick question. And I don't 24 know if there's any basis for this, Glenn, or maybe it's 25 for the lawyers. We have a written agreement, excuse me, 1 confirm this, but that 400 is after we have paid the 80,000 we recently paid to the Roadrunners.

MR. MEYERS: Yes, that's correct. 3

MR. SHEAFE: But we really have 400 there, so 4 what's Fletcher's suggesting (inaudible).

6 **CHAIRMAN McCUSKER:** So what's the board's pleasure here? 7

Any other questions for Glenn? 8

MR. IRVIN: Fletcher, I agree with you. I 10 think I'd like to make a motion that we authorize the 11 executive officers to work with the TCC to drill down on exactly what we're going to need not to exceed the amount

that's currently in our set aside account of 400,000.

14 Obviously the bids that we've got from Glenn don't include labor, so we'll have to include that.

So that's my motion, to move the executive officers to work with the TCC not to exceed the money we 17 have set aside, hopefully bring it in under that.

MR. MAROUEZ: I'll second that. 19

CHAIRMAN McCUSKER: You should probably include 20 an authorization to execute that. 21

22 So, Mr. Collins, are you satisfied with that 23 motion?

MR. COLLINS: Yes, Mr. Chairman. 24

CHAIRMAN McCUSKER: All right. Brandi, call 25

Page 29

1 the roll.

2 Any questions for anybody?

MR. MARQUEZ: I'm just curious. I don't know 3 4 if I missed it, but do we have multiple bids or is that the only bid we have?

MR. COLLINS: I'll let Glenn --6

MR. GRABSKI: This was a quote that we received from the -- from -- the firm that did our ice dams and stuff, so it matches up to what's being done with the new ice dam and ice work. 10

11 MR. MARQUEZ: Okay. Makes sense. Thank you. 12 CHAIRMAN McCUSKER: Mr. Collins, are we under any obligation to procure this competitively? 13

MR. COLLINS: You did when you hired Lloyd 14 Construction. And Lloyd Construction did the rest of 15 this. We can deal with this as a change order. Glenn and I haven't had a chance to talk about it, but that's how I see this happening.

CHAIRMAN McCUSKER: Okay. Thank you for that. 19

20 Okay. Brandi, we're ready for a roll-call.

MS. HAGA-BLACKMAN: Mark Irvin. 21

MR. IRVIN: Aye. 22

23 MS. HAGA-BLACKMAN: Jannie Cox.

MS. COX: Aye. 24

25 MS. HAGA-BLACKMAN: Chris Sheafe? 1 go ahead.

MR. SWAIM: Mr. Chairman, members of the board, Phil Swaim, Swaim Associates Architects.

The work is proceeding very well out at the

Tucson Convention Center. The parking garage is on its way to be able to be complete by the end of the year to support the new hotel that's also on schedule for the -that's all private funding to be completed in December. The renovations within the existing convention center are due to be complete by the end of October, so they'll be ready for Glenn to bring in events.

12 We also have several projects under design, 13 including a media room addition of about -- well, about 14 18,000 square feet or so. We have a parking garage on lot C behind the music hall that's under design and also the 16 renovation of the music hall itself that's early in the design stages. 17

18 One of the things that happens with the media room addition is we reach a threshold of 25 percent expansion. That's a collection of projects over time, including the east entry and the ticket -- the ticket booth that was done -- the ticket facilities that was done

years ago. But what that requires is we now have to bring the entire site up to code.

25

So the fee proposal we have in front of you

Page 30

MR. SHEAFE: Aye.

MS. HAGA-BLACKMAN: Jeffrey Hill. 2

3 MR. HILL: Aye.

1

MS. HAGA-BLACKMAN: Edmund Marquez. 4

MR. MARQUEZ: Aye. 5

6 MS. HAGA-BLACKMAN: Fletcher McCusker.

7 **CHAIRMAN McCUSKER:** Aye. And that passes unanimously as well. 8

9 Glenn, thank you. And get those people back in 10 there.

11 **MR. SHEAFE:** It can't happen soon enough. If you were more comfortable, you'd be able to, you know, 12 shave your beard. 13

MR. GRABSKI: They're a pain to keep up. 14

CHAIRMAN McCUSKER: We think Shaun should try 15 and catch up to you. 16

MR. IRVIN: Don't listen to him, Shaun. 17

MR. TILLEY: The wife won't let me, so don't 18 19

20 CHAIRMAN McCUSKER: All right. Thank you, everyone. 21

Glenn, thanks for that. 22

23 Shaun, thank you.

TCC, item number nine, we have some ongoing 24

25 contractual commitments there, Mr. Swaim. Do you want to

Page 32

1 from Grenier Engineering, who is our civil engineer, they 2 include also Art Studios, the landscape architects, this 3 is to be able to do the -- to do the engineering to bring 4 the entire campus up to code for ADA standards, site lighting, landscape buffers and any other code-required elements.

It also includes actually the development package that needs to be submitted to the city. For 9 efficiency what we have done is we've combined the 10 development package for the meeting room additions, the 11 parking garage and the historic plaza renovation plus all of the site upgrades, so we're actually saving money by doing a single development package as opposed to four different ones.

15 So the total fee proposal here to be added to their existing contract is \$240,100. We recommend approval of that. But we're at full speed because we need to be able to get that development package submitted here in early October so we are on schedule to actually start construction of the meeting room addition in December.

MR. SHEAFE: Phil, when I read through the 21 22 document, I had in mind -- and I want you to tell me if I, you know, have the wrong concept in mind, but I looked at 24 Grenier's proposal and said, okay, I can see that they've 25 identified all these areas where you need to bring it up

Min-U-Script® Kathy Fink & Associates (8) Pages 29 - 32

Page 33

to code and each one is a separate effort on their part.
The concept that I have is that all the other
approvals that you need have already been granted. What
you're really needing is just to do this one amendment so
that you can now take care of the requirements for getting
everything up to code. Is that correct?

MR. SWAIM: Well, I mean, we haven't received approvals on that. No -- no site development package has been -- the only site development packages that have been submitted and approved to date are for the hotel and for the parking garage along Church, so this is going to cover the entire rest of the TCC campus. So we do need to be able -- we've been negotiating with the city to be able to be the most efficient with our dollars to see how we -- see exactly what needs to be done without having to do unnecessary improvements but really obviously improve the rampus.

So I don't know if that answers your question, but --

MR. SHEAFE: Well, everything in the menu then isn't necessarily going to be done right away. What we're doing is getting the engineering completed so that we have it ready to go when and if we have the funds to do that. Is that correct?

MR. SWAIM: We have the funds to do it now.

1 things like parking lots that were designed back in the

2 early '80s that now have new standards for landscape, for

3 trees within the -- within the -- within the parking lot

4 or landscape buffers that have to be done. We have a site

5 lighting code to deal with the dark skies ordinance, so

6 our site lighting has to be able to be in compliance.

7 We do have -- you know, the ADA has been

8 developed since the original construction, so some of our

9 handicapped parking doesn't quite meet the code. Some

10 parking spaces are only seven feet wide or seven and a

11 half feet wide and not long enough, so they don't meet

12 code. So we've been going through some detailed analysis

13 to understand exactly what's necessary to be able to meet 14 the current code, and so that is what will be done.

CHAIRMAN McCUSKER: It was all contemplated as part of the process. We're now authorizing the engineer to do the work?

MR. SWAIM: That is correct.

19 CHAIRMAN McCUSKER: And the amount again, Phil,

20 or Mr. Collins?

MR. SWAIM: \$240,100.

MR. SHEAFE: So I'd like to make that a motion, that we authorize Phil and his team to move forward on the agreement with Grenier Engineering at the proposed amount,

25 and that if there are approvals needed, we authorize the

Page 34

Page 36

1 These are going to be requirements for certificate of2 occupancy of the meeting room addition. If we don't

3 complete these, we won't be able to get our C of O.

MR. SHEAFE: That's for just the meeting room addition?

6 **MR. SWAIM:** That's correct.

7 MR. SHEAFE: Okay.

25

12

8 MR. SWAIM: But this then would be the

9 engineering and everything for -- for the parking garage

o and that sort of thing as well.

11 MR. SHEAFE: Okay.

CHAIRMAN McCUSKER: When you say bring up to

13 code, I think that's part of the confusion. We're not 14 replumbing the entire complex or bringing in all new

15 electricity or, you know, having to repave every -- you

16 know, there are certain things that are required of a

17 complex this size as it relates to access and handicapped

18 access and building access, right, Phil? I mean, because,

19 you know, when an architect says bring up to code, most

20 people freak out because it sounds like you've got to

21 basically rebuild everything. What exactly do you mean,

22 bring up to code?

MR. SWAIM: So this is fortunately just site work to bring up to code. We've been doing that with the

25 buildings -- for the renovation projects, so this is for

1 executive officers to executive whatever documents are

2 necessary and counsel to review them and approve them so

3 that we can keep this process moving as rapidly as

4 possible forward.

5 MS. COX: Second.

6 **CHAIRMAN McCUSKER:** Okay. We have a motion and 7 a second to approve the engineering proposal, \$240,100.

8 Brandi, call the roll.

9 MS. HAGA-BLACKMAN: Mark Irvin.

10 **MR. IRVIN:** Aye.

11 MS. HAGA-BLACKMAN: Jannie Cox.

MS. COX: Aye.

MS. HAGA-BLACKMAN: Chris Sheafe.

MR. SHEAFE: Aye.

15 MS. HAGA-BLACKMAN: Jeff Hill.

16 **MR. HILL:** Aye.

17 MS. HAGA-BLACKMAN: Edmund Marquez.

18 MR. MARQUEZ: Aye.

MS. HAGA-BLACKMAN: Fletcher McCusker.

CHAIRMAN McCUSKER: Aye.

And, Phil, thanks for all the hard work on the

22 TCC. You can really begin to see it shape up. And I do

23 believe that we will have our Lincoln Center when we're

24 all done, so we're glad you're on the team. Thanks again.

MR. SWAIM: Thank you very much. We appreciate

Min-U-Script® Kathy Fink & Associates (9) Pages 33 - 36

Page 37

1 it.

2

CHAIRMAN McCUSKER: Item number 10, One South

3 Church. This has been previously approved by the board.

- 4 This is the proposal by Out West, an internationally known
- 5 hotel developer, to acquire and convert the bottom half of
- the One South Church building to a 5 star hotel.
- We previously approved the GPLET for that
- 8 property. Under the law, we're required to wait 60 days
- 9 from that approval date to see if we want to change our 10 minds, so unless somebody wants to change your mind, I
- guess, Mr. Collins, all we have to do today is reaffirm
- 12 our commitment to that GPLET.
- MR. COLLINS: Yes, Mr. Chairman. What I think 13
- 14 you'd need is a motion to finally and completely affirm
- the GPLET arrangement with the developers of the hotel at
- One South Church. 16
- **MR. SHEAFE:** Is that an eight or a 25-year 17
- lease? 18
- **MR. COLLINS:** Twenty-five. 19
- 20 MR. IRVIN: Right.
- **MR. SHEAFE:** That's what I thought. Okay. 21
- Well, so move that we reaffirm our earlier vote and
- execute whatever is necessary to move forward on that
- project. 24
- 25 MR. MARQUEZ: Second.

1 but, you know, they're going to have an astonishing

- downtown when they do.
- MR. SHEAFE: Well, I think it goes without
- 4 saying, but people may not be fully aware of it. The district is actually not having to put any money into this
- project. All the district's doing is using its position
- to establish the GPLET.
- Edmund Marquez, you know, pointed out earlier
- 9 it's a tremendous thing to add another really unique hotel
- property down there and utilize the building in a more
- creative way. Everything is just going perfect except
- 12 Mark Collins lost his view in all these changes we're 13 making.
- CHAIRMAN McCUSKER: TEP lost their view, too. 14
- 15 so --
- **MR. COLLINS:** I'm hopeful that I don't lose my 16 17 office when they're constructing the hotel beneath me,
- 18
- MR. MARQUEZ: But just think, every day you get 19 20 to stare at \$100 million.
- CHAIRMAN McCUSKER: All right. Last item. We 21
- 22 promised ourselves we would review the marketing budget
- every month. We basically tabled the entire
- 24 240,000-dollar marketing budget. You know, cash is a
- 25 little better. We're not crazy rich by any means, but,

Page 38

Page 40

- CHAIRMAN McCUSKER: Okay. Let's do a roll-call 1 vote, Brandi, for that. 2
- MS. HAGA-BLACKMAN: Mark Irvin. 3
- MR. IRVIN: Aye. 4
- MS. HAGA-BLACKMAN: Jannie Cox. 5
- 6 MS. COX: Ave.
- 7 MS. HAGA-BLACKMAN: Chris Sheafe.
- **MR. SHEAFE:** Aye. 8
- 9 MS. HAGA-BLACKMAN: Jeff Hill.
- MR. HILL: Aye. 10
- 11 MS. HAGA-BLACKMAN: Edmund Marquez?
- 12 **MR. MARQUEZ:** (No oral response).
- MS. HAGA-BLACKMAN: Edmund? 13
- MR. MARQUEZ: Aye. 14
- MS. HAGA-BLACKMAN: Fletcher McCusker. 15
- **CHAIRMAN McCUSKER:** He was doing this 16 (indicating). 17
- I think I heard my name. Aye. 18
- 19 Is that everybody, Brandi?
- 20 So that motion also passes unanimously. Thank you, everyone, for that. 21
- And then it's really quite extraordinary when 22
- you think about what we're doing today, you know, a 5 star 24 luxury hotel, a 20-story mixed office building and, you
- 25 know, we're not sure that our restaurants can even open,

- 1 you know, if you have any inkling that you may want to do something, this would be the time that it's properly on the agenda.
- **MR. SHEAFE:** I guess I'll campaign for the fact that I don't think we're in a position right now to make
- that decision. We do not have enough clear evidence.
- Remember, when you see the income of 650, you have to
- compare that with the fact that we have a mortgage payment
- on our note for the TCC improvements that approaches --
- you know, it's over 800,000, so we need to be able to get
- the cash in to not only cover that but also have enough
- excess to cover our standard monthly costs, which, you
- know, can run two to plus hundred thousand.
- So we've been using in the past about a million two as sort of our benchmark that we need to bring in
- every month and we're a little over 50 percent of it right
- now, so we've got a long ways to go to get in a position
- where we can be comfortable utilizing money beyond what
- our current reserves are.
- 20 And, Dan, you're welcome to throw in anything 21 you'd like to throw in to maybe further illustrate what 22 I'm talking about.
- 23 MR. MEYERS: Yeah. I mean, you know, the 24 numbers have been good, but, you know, here it is, it's 25 September and I haven't really seen any increase

1 substantially in August and September, so, you know, I'd

2 feel better if we kind of just sat tight for another month

- 3 or two and see if things perk back up once downtown opens
- 4 and kind of play it close to the vest for a couple more

5 months.

6 CHAIRMAN McCUSKER: Jannie, I heard you start

7 to say something.

MS. COX: I agree fully with Dan and with

9 Chris. I think from what I've seen, even if we are

10 75 percent, we don't know what the next four or five

11 months are going to be like and I think we need to hold

12 off and not do anything yet.

13 CHAIRMAN McCUSKER: No action was taken.

14 That's already deferred. We just promised that we'd

15 review it, so with that I would entertain the final item,

16 a motion to adjourn.

17 MR. IRVIN: So moved.

MR. SHEAFE: So moved.

CHAIRMAN McCUSKER: Is that a second, Mr.

20 Sheafe?

MR. SHEAFE: I guess it was a second since Mark

22 made the motion.

23 CHAIRMAN McCUSKER: Well, you can make a motion

24 and he could second it or he could make --

MR. IRVIN: Chris, go ahead. I'll be the

Page 42

1 Second.

MR. SHEAFE: When you're in the office you're

3 in, I'm in the second position no matter what.

4 CHAIRMAN McCUSKER: Okay. We have a motion and

5 a second to adjourn. All in favor say aye.

6 (Motion made seconded and passed unanimously)

7 CHAIRMAN McCUSKER: All right. Thank you,

8 everybody. Thank you for participating. See you in

9 October.
