Rio Nuevo
Board Meeting
10/22/24
October 22, 2024

Page 3 CHAIRMAN McCUSKER: Good afternoon, everyone. 1 2 Welcome to the October Rio Nuevo meeting. 3 RIO NUEVO MULTIPURPOSE FACILITIES DISTRICT I am actually in Mexico City. They probably 4 have better internet than we do, so no problems with 5 dialing in from here. I get home tomorrow. 6 If you haven't been to Mexico City, I would 6 7 8 encourage you to visit. It's an extraordinary city. 9 For Richard and Jannie, I learned something 10 BOARD MEETING VIA ZOOM about valet parking in Mexico City. They don't have 11 Tucson, Arizona stations. You just stop. There's three or four 12 October 22, 2024 yellow-vested valets. They literally stand in the street. 1:03 p.m. 13 You step out of your car and hand them the keys and they 14 go someplace. It's the most amazing thing I've ever seen. 15 16 **MS. COX:** And they actually come back? 14 17 CHAIRMAN McCUSKER: Well, yeah. You go right 15 18 back to where you dropped your car off and they return it 19 17 to you right there. 20 I wanted to watch where they went, but I 18 21 REPORTED BY: 19 haven't been able to figure that part out. But there's no Thomas A. Woppert, RPR 22 AZ CCR No. 50476 place to park, so they literally stop in the street, the valet takes the car, hands them a chip and off they go, 23 you know, the valet jumps in the car and goes someplace. FINK & ASSOCIATES It's the most amazing thing I've ever seen. 24 6095 East Grant Road But, all right, we'll call the meeting to order 24 Tucson, Arizona 85712 25 after we all know how to valet park. 25 (520)624-8644 Page 2 Page 4 1 BOARD MEMBERS PRESENT: Let's do the pledge, Brandi. Page 5

You have the minutes in your packet transcribed 2 verbatim. Unless someone has a change or a correction, I 3 just need a motion to approve. 4 **MS. COX:** So moved. MR. SHEAFE: Second. 5

CHAIRMAN McCUSKER: All in favor say aye. 6 7 (Motion made, seconded and passed unanimously).

CHAIRMAN McCUSKER: This is the time set aside 8 9 for exec. I need a motion to recess to executive session.

MS. COX: So moved. 10 MR. SHEAFE: Second. 11

CHAIRMAN McCUSKER: Same two people. All in 12

13 favor say ave.

(Motion made, seconded and passed unanimously). 14

15 CHAIRMAN McCUSKER: All right. We have a couple of participants. We'll be back in about an hour. 16 And for members, click out of this meeting. 17

Click onto the executive session. 18

(Recess) 19

CHAIRMAN McCUSKER: I think we have the board 20 back; right? Am I missing anybody? Mike Levin is -there's Taunya. 22

23 I need a motion to reconvene.

MS. VILLICANA: So moved, Taunya. 24

CHAIRMAN McCUSKER: And somebody second that. 25

1 You know, Solot Plaza, Sol Plaza, is open. Just downtown

Page 7

2 by my count now, we're at 75 restaurants and will probably

3 add another 30 on Broadway all the way out to Park Place

Mall. So indeed that's been our bread and butter. It

continues to produce most of our sales tax revenue, so

that's a good segue to Dan.

Dan, if you'll give us the financial report. 7

You're muted. 8

9 There you go.

now of \$14.1 million.

MR. MEYERS: Okay. So at the end of September, 10 we had about \$10.6 million in our accounts available for use. About 700 of that is restricted for the next

mortgage payment we have leaving about 9.9 million in 14 available cash. We always add the anticipated profit, for 15 lack of a better word, of \$350,000 a month for the next year bringing us to a total available of cash a year from

We've got many commitments to offset that. As 19 of September 30th, we had almost \$10.8 million of which we think a million is going to be deferred outside of one year, so that means we have about \$9.8 million in expected disbursements for projects.

23 Keep in mind that, as you well know. these 24 projects sometimes get deferred or pushed back a bit, but 25 as of right now, that's the best estimate we have.

Page 6

17

MR. POSTER: Second. 1

CHAIRMAN McCUSKER: Thank you. 2

3 All in favor say aye.

(Motion made, seconded and passed unanimously). 4

CHAIRMAN McCUSKER: Things get busy for 5 6 downtown. We had a tough August. Most of the

7 restaurateurs I talked to were off, some as much by 30, 8 35 percent. That's starting to improve since September.

9 The kids are back in school. We start the downtown roll

10 here in a few days.

22

A couple of open (inaudible) are going to help 11 12 us. Patricia Schwabe has opened up The National. That's the former Wigglerama, a beautiful remodel, very typical of Patricia. That's now open.

Down the street the Starbucks is open. It is 15 an order only. You order on your phone, go by and pick it 16 17

I think the Cornish Pastry Company has gone 18 public with their intent to lease the Indian Trading Post property. They intend to operate all three floors of that. That's an extraordinary development for downtown. 21

We just signed the new lease this week for the 23 Crescent Smoke Shop. That's going to go to the neighbors 24 at the Gibson Market and Highwire, so a lot of things

25 happening in the restaurant space not counting Broadway.

Page 8

We received \$1.37 million, we will be receiving it for August from TIF revenue. That's a little bit below our budget of 1.4 million. We've not received the actual

4 information in complete form from the state yet. But one

5 thing to keep in mind here is August is one of our highest 6 months for the TIF baseline. So at \$1.37 million, it's

lower than our budget and it's lower than how we've been

8 running for the last several months, but compared to prior

years, it's actually up a little bit.

10 We were fold that there were several amendments 11 occurring in August, so really we've got to wait and see when we get the information, and then I will get that out to all the board members.

MS. COX: Dan, why was the baseline so high in 14 15 August? That seems odd to me.

MR. MEYERS: Well, remember it goes back to 1999, so -- that also coincides to when students come back 17 to the U of A. 18

19 **MS. COX:** Oh, okay.

MR. MEYERS: I mean, I don't know --

CHAIRMAN McCUSKER: In '99 most of that was 21 22 mall generated, so they're not as seasonal as the

23 restaurant business.

MS. COX: Okay. 24

CHAIRMAN McCUSKER: Dan, how are we doing year 25

20

Page 9

1 to date? Do you have the year to date?

MR. MEYERS: Well, it's only two months, so I 3 don't have the calendar year to date information at my 4 fingertips, but we're going -- we're going strong. This 5 is the lowest month we've had in this calendar year if I'm 6 not mistaken. I don't think there's any reason to panic 7 here, but we'll -- as soon as we get that information from 8 the state, Brandi and I will digest it and we'll get

9 something out to the board. But, like I said, it was more

than it was a year ago for August by a couple hundred thousand dollars. Until we get all the detail, you know, 12 it's hard to make any assumptions.

The second page has got, again, the list of our 13 commitments, what's been paid so far and what remains. And that's where that \$10.8 million comes in.

So does anybody have any questions? 16

MR. MARQUEZ: Looks good. 17

MS. COX: Looks great. Thank you, Dan. 18

MR. MEYERS: I'll let you know what we find out 19 20 when we get the data for August.

21 CHAIRMAN McCUSKER: It's important to remember 22 Dan's comment that, you know, our budget is still about a million bucks a month, so, you know, even \$370,000 above budget is money in the bank. We've been very conservative 25 about how we've projected revenue. We're still

1 find out what of a projection we're going to be on. And 2 we'll probably have a better understanding of how to play

the game after that picture is laid out.

Page 11

Page 12

So in my mind, I look at it and say we're got about that 3 million.

MR. POSTER: I should point out that if our average income is 1.4 million, statistically speaking half of the months will be below that and half of them will be above, so I don't think we should panic if we're a few thousand below our projected income, particularly it was a pretty rough, hot August.

CHAIRMAN McCUSKER: Yeah, last year was record. 12 13 Dan, what, 18 and a half million? We're about to hear from Lydia, but I think it's in that neighborhood.

Any other questions for Dan?

(No oral response). 16

CHAIRMAN McCUSKER: As usual, Dan, thank you 17 very much. 18

Next up, Lydia. I see you on there. 19

20 We are audited annual by Beach Fleischman, have been now for 12 years. Once a year we have them present their audit findings to the board and to the public.

I see Lydia Hunter online, so, Lydia, I'll turn it over to you.

25 MS. HUNTER: Thank you, Mr. Chairman, members

Page 10

1 forecasting to have something north of \$4 million left at

2 the end of the year, so we're okay. **MR. SHEAFE:** Fletcher, let me just be my normal 4 pessimistic self here and bring up how -- from a global 5 standpoint how I look at these numbers. And I just think

it would be helpful, because you can get lost in them. If you go down to the line that says projects

8 committed to, it's 10.5, but there's -- of the money that 9 we have, another 415,000 is tied up for the hockey

10 process, so we're really looking at almost \$11 million

11 that is obligated. And if you take a look at the net of

12 14, we really have 3 million. And the only reason I'm

13 raising it is it's very easy to say it's 4 million, but it 14 actually isn't in my mind, because I'm a guy who's run a

pretty good sized business and had the fun of running out

16 of money twice in my career. I don't want to ever see

that happen again and I don't want to see it happen here.

So we have held the projections at 1.4 million per month

for our budget, and Dan has been very good about laying this out in a way that helps us ensure that we don't run

21 into money shortfalls.

22 We are having a little bit of a thinner period.

23 I think it's fair to say no matter what your opinions are 24 about what ought to happen, we're going to get a big

25 window here in two weeks when we have an election and we

1 of the board.

15

My name is Lydia Hunter. I'm a principal at 3 Beach Fleishman and, as Fletcher mentioned, I'm here to

present the results of the audit for the fiscal year

ending June 30, 2024, so these are a little bit more dated numbers than what you're looking at currently with Dan.

So today I'm going to focus on the graph itself that you should have a copy of, and you also have our 9 required communications letter, but we're going to focus 10 today on the draft. I can share my screen if you'd like,

otherwise I can just talk through it. CHAIRMAN McCUSKER: Yeah, let's share your 12

13 screen.

MS. HUNTER: Okay. 14

CHAIRMAN McCUSKER: Huna, will you give her a screen share?

MR. HAMMOND: Yeah, already set up.

18 **MS. HUNTER:** Can you see my screen with the 19 graph?

CHAIRMAN McCUSKER: Yes, ma'am. 20

MS. HUNTER: Perfect. 21

22 Okay. So what I want to draw your attention to first is the audit report itself. It starts --

MS. COX: Excuse me. May I ask you to make 25 it -- enlarge it a bit?

15

16

17

Page 13

1 Thank you.

MS. HUNTER: You're welcome. 2

MS. COX: Thank you. 3

4 **MS. HUNTER:** And I'm going to go pretty high 5 level, so please stop me any time if you want me to 6 highlight anything else.

So this is the start of our audit report. It 8 actually goes on to three pages. But the most relevant part is this first section where it says opinions. And 10 so, as you can see, it says, in our opinion, the financial 11 statements are presented fairly in all material respects. 12 So that is a clean opinion, in other words know as an unmodified opinion, which is the highest opinion we can 14 give for the district. So great job to management, the team and everyone at the district, you did receive an unmodified opinion on your financial statement, so that's pretty good news today. 17

I'm to talk about a couple more things on the draft, one being the fact that this says opinion, not pleural, not singular, so I want to make sure you 20 21 understand why we have multiple opinions in our audit 22 report, and it's because the district is required to present financial statements on two different measurements 24 with the county, two different measurement focuses, so we 25 have to express an opinion on both, and so you have an 1 and all your liabilities combined. You'll see your total 2 assets of 182 million, and the majority of that, these two

Page 15

Page 16

3 lines right here, are capital assets, so 79 percent of your total assets are tied up in capital assets, that's

land, buildings, building improvements, that sort of thing. 6

7 Your capital assets did go down this year. You increased them, but then you also had the (inaudible).

Your total liabilities you'll see are about 10 102 million, and those went down about eight and a half 11 million this year with standard debt payments. We expect 12 you to make another 7 million of debt payments in the upcoming fiscal year.

And then the page that is maybe a little bit 15 more exciting is your income statement. So, as you can see, it lists all your expenses. Expenses are slightly higher than the prior year. But maybe what's most relevant, you guys were just talking about the sales tax here, the audited sales tax number for the fiscal year ending June 30, '24, so that is net of your rebates. So your gross collections were 18.4 million last year and you 22 had about 1.3 million of rebates, so the sales tax rebated out to the developers, so that's why your net is 17 million.

And to kind of put that in perspective, last

Page 14

25

1 unmodified opinion on both methods of accounting.

So just to show you, the first method of 3 accounting you'll see, it's going to be on page four and 4 five, and that is the full accrual method of accounting. 5 And that basically means -- I'm not going to get too 6 technical, but that means that all the assets and all the 7 liabilities of the district are reported on this statement

8 equally. All the revenue and expense is reported 9 regardless of whether you received the cash or paid the

10 cash. And that's in contrast -- you'll see a huge

11 contrast between your total assets on this statement and

just a couple short pages on, you'll see the second

13 balance sheet, and the total assets are significantly

14 less.

So for your knowledge, this is the second basis 15 16 of accounting we present on. This is what we call modified accrual, and it does not include any long-term assets or liabilities and it only records revenue and expenses basically when the cash is paid or about to be received. 20

So I just wanted to highlight that. That is 21 22 why we have multiple opinions. We actually present two 23 methods of accounting in your financial statement.

And, as you can see, just to point out on 25 the -- the full accrual, again, this is all your assets 1 year in '23, it was 16.1 million, the year before that, it 2 was 16.3 million, so this is about a 900,000 dollar 3 increase in sales tax revenue in this fiscal year compared 4 to the last couple years.

And to even kind of put that in perspective, I 5 6 was looking back. Back in '16, '17, '18, you were averaging 12 million a year in sales tax revenue, and then it came up a little bit, and you had COVID to bring it 9 down, and now you're back up to this left. But this is significantly higher than pre-COVID levels. With that, 11 the rest of your revenue pretty much stays in line year over year. 12

And then after these financial statements, all 13 14 the numbers, you'll see the footnotes. The footnotes will tell you the policies of the district. There's disclosures about capital assets. You can see all the information about the debt of the district including 18 estimated future payments.

So one thing I will call your attention to, the one footnote I'm going to show you here today, if you only look at one footnote, this would be the footnote I would show you. It kind of goes in line with what you guys were discussing in Dan's report. This shows you the commitments as of June 30. So you had about 10.5 million 25 of commitments. Once you satisfy a commitment, it goes Rio Nuevo 10/22/24
Board Meeting October 22, 2024

Page 17

1 off this list, but this is what was outstanding at 6/30.

And the following page talks about your tax rebates, so here you can actually seal the 18.4, the

4 rebates, and how we get to the 17 million on the income

5 statement. But it also gives you a list of all the

6 projects that have earned rebates, how much they're

7 earning and how much they've earned to date in rebates.

So with that, those are what we consider the

9 most important disclosures. I'm happy to talk through any

10 of the other disclosures or any specific questions you may

11 have on the graph.

12 CHAIRMAN McCUSKER: Thank you, Lydia.

Any questions for, Lydia?

MR. SHEAFE: Did we release the letter that

15 Collins wrote giving the legal things? I wanted to make

sure you had that and that's reflected in your draft. Is

17 that right?

23

5

17

MS. HUNTER: Yes, I did receive those. I

.9 appreciate that. So yes, the only thing we would need now

20 is what we call management representation, so we will send

21 that out after this meeting.

MR. SHEAFE: Okay. All right.

MR. POSTER: I had a question. I was not on

24 the board for the last audit, but I was under the

25 impression that there was an audit exception due to the

1 better last year than our current projected budget this

Page 19

2 year.

MS. VILLICANA: But if you gross it up for what 4 it truly is, the 18 million is 1,538,000 from

5 1,538,392.17.

6 MR. POSTER: Yeah, so we're being conservative

7 and the numbers are looking good.

8 CHAIRMAN McCUSKER: We've got some big

9 taxpayers coming on line, too, you know, hotels, the 10 Bautista. You know, there's a lot of things that weren't

11 in the prior numbers, so we're doing exactly what we're

12 supposed to do, tax incremental finance. The entire

13 purpose of a TIF is to invest tax dollars into things that

14 create more tax dollars and we've doubled our tax base in

.5 the last 10 years.

Anything else for Lydia?

17 (No oral response)

CHAIRMAN McCUSKER: Stay there, Lydia. We do **19** have a proposal from Beach to renew their engagement as

20 our auditors. I don't know, Lydia, if you wanted to go

21 through that with us.

First of all, I think we have an action item on the audit, correct? We probably need to approve that,

24 Lydia.

25

8

16

MS. HUNTER: Yes, usually it helps if you guys

Page 18

1 absence of a master plan. And is that the case --

2 CHAIRMAN McCUSKER: That's in our performance

3 audit, Corky, as opposed to the financial audit.

4 MR. POSTER: Okay. Thank you.

CHAIRMAN McCUSKER: So Beach looks at our

6 financial status annually, every three years, the auditor

7 general does an audit that they call a performance audit

8 and that's where you'll see those recommendations come

9 from that are not financial.

MR. POSTER: Thank you. My misunderstanding.

11 **CHAIRMAN McCUSKER:** The important thing to note 12 about that is, when Chris and I joined the board, there

13 were no audits. You know, Jannie will remember a time

14 when money was very mysterious and you didn't -- the city

15 controlled everything and it was commingled and it was16 truly unauditable.

MS. COX: We did not have access to anything.

18 CHAIRMAN McCUSKER: Yeah. We've had a clean

19 audit now every year since, which is really, as Lydia 20 suggested, quite remarkable for any organization. And

21 that's due in large part to the work that Dan does to make

22 things easy for them to audit.

MR. POSTER: I did a little math with that

24 17 million-dollar net and divided that by 12 and you get 25 to 1.42 million, which is -- our budget is 1.4, so we did Page 20

MR. SHEAFE: I move that we approve the audit.

2 letter and --

3 CHAIRMAN McCUSKER: So that audit goes to the

1 approve that, and then we'll send the final representation

4 whole world. It gets posted to our website, it's goes to

5 the state, it's provided to Pima County, so it's

6 definitely a public document. You've seen their

7 presentation. I would needed a motion to accept --

9 MS. VILLICANA: I second, Taunya.

or and the control of the control of

10 **CHAIRMAN McCUSKER:** That was Mr. Sheafe and 11 Taunya.

All in favor say aye.

(Motion made, seconded and passed unanimously).

14 CHAIRMAN McCUSKER: Thank you, Lydia. Thank
15 you very much.

Okay. Now to your ongoing proposal. I don't know if you need to show us anything, maybe just touch on fees and term and those kind of things.

19 **MS. HUNTER:** Yeah. And I'm happy to share the 20 proposal.

21 CHAIRMAN McCUSKER: Sure.

MS. HUNTER: So this is --

Can you guys see the proposal?

24 CHAIRMAN McCUSKER: Yeah. Expand it.

MS. COX: Make it bigger, please.

Page 21 Page 23 1 **MS. HUNTER:** There you go. 1 out here, they're a pleasure to work with. She asked a MS. COX: Thank you. 2 lot of questions, some of which I'm sheepish to answer, 2 MS. HUNTER: You're welcome. 3 but she's very good at finding stuff that we may have 3 4 So just to go through it briefly, this is our 4 missed in some fashion. But they're just -- when I see 5 cover letter. It talks a bit about our firm and all our this audit report, if you guys had any clue how hard Lydia 6 accomplishments. The audit team, the main leaders are works to put these footnotes together, it's -- it's myself and Eric Maneval. unbelievable. So this is a three-year proposal, 9 guys -so you can see our fees for the upcoming three years. **CHAIRMAN McCUSKER:** It's the same audit we 10 **MR. MARQUEZ:** I move we accept the proposal 11 would get if we were a billion dollar agency. - CHAIRMAN McCUSKER: Is there anybody you don't 12
- have a contract with?
- MR. POSTER: No comment. 14
- CHAIRMAN McCUSKER: All right. So Corky's 15 recused. 16
- 17 Kira, go ahead.
- MS. DIXON-WEINSTEIN: Yes. Hi, everybody. 18
- 19 CHAIRMAN McCUSKER: Introduce yourself and Adam
- for the transcriptionist.
- MS. DIXON-WEINSTEIN: Sure. Kira
- 22 Dixon-Weinstein and Adam Weinstein of the Gadsden Company.
- We're the real estate developers of the MSA Annex, which
- 24 is part of the Mercado District and what we are discussing
- 25 here today.

Page 25 Page 27 CHAIRMAN McCUSKER: And you have a PowerPoint. 1 CHAIRMAN McCUSKER: So far. MS. DIXON-WEINSTEIN: Is this better? 2 Are you going to run it? 2 MS. DIXON-WEINSTEIN: Yeah. Brandi, if you CHAIRMAN McCUSKER: Let's see what happens when 3 want to give me permission. you run your PowerPoint. We can always run it for you. CHAIRMAN McCUSKER: Yeah. Huna, will you give MS. VILLICANA: You may just have to leave and Kira share? come back and it will clear it up. It's bad. MR. HAMMOND: All right. Lindy, is set up for 7 MS. DIXON-WEINSTEIN: Is it still -- can you 7 8 hear this, or no? 8 sharing. 9 Oh, no, I'm sorry, Kira. 9 CHAIRMAN McCUSKER: You're breaking up. MS. DIXON-WEINSTEIN: Yes. **MS. VILLICANA:** You break up. 10 10 **MR. HAMMOND:** All right. You're set up. MS. DIXON-WEINSTEIN: Okay. Okay. 11 11 12 MS. DIXON-WEINSTEIN: Thank you. 12 CHAIRMAN McCUSKER: Go ahead and try it. It CHAIRMAN McCUSKER: You might give a little sounds a little clearer. Maybe get closer to the mic. 13 13 MS. VILLICANA: You might have to go to Mexico 14 history just on the west side and Gadsden. We have some new board members, we have some new people online. It's a 15 with Fletcher and get better reception. CHAIRMAN McCUSKER: Yeah, go ahead and run your remarkable story, you know, so maybe just, Kira, give a 16 little background about, you know, what's gone from, you 17 slides. know, nothing over there to what's currently there and go Are you still there? Kira, do we have you? 18 MR. SHEAFE: I think she left to come back. into the opportunity to expand. 19 19 20 MS. DIXON-WEINSTEIN: Yeah. So the Mercado 20 Oh. no. (Discussion off the record) 21 District started on a 14-acre development that was single 21 22 family homes with some commercial transit oriented CHAIRMAN McCUSKER: Brandi, do you have their 22 23 development and it grew to a much larger 30-acreish 23 slides? 24 development that includes fixed use, multi-transit, high MS. HAGA-BLACKMAN: I do. 24 CHAIRMAN McCUSKER: Let's go ahead and run 25 density development. It is home currently to 400ish 25 Page 26 Page 28 1 apartments, 37 small businesses. There's 100 single 1 them. 2 family home lots, I think about 80 homes there as well, MS. HAGA-BLACKMAN: Okay. 2 3 and festivals and community events that happen throughout CHAIRMAN McCUSKER: Give everybody some 3 4 the year. background on what we're doing over there. But the public market district sort of has a 5 So the Mercado Annex is basically a container 6 similar mission as Rio Nuevo in the sense that we were village. People thought we were crazy when we helped them 7 really thinking of ourselves as a small business launch this. It was designed to be temporary. People 8 love it. They -- 55 containers are augured into the 8 incubator. We worked with an organization called Project 9 for Public Spaces out of New York that helped us define **9** ground over there with a variety of different businesses, 10 and create what we're calling a public market district 10 outdoor auditorium. It's been incredibly successful and 11 really geared towards localism and to be a reflection of 11 they want to expand. And we would like to help them, so

12 the community that it's in. And we take a lot of risks on startup new businesses. We have very little turnover in

14 our district, so I think we've done a good job of picking the right partners for these shops. The Bautista will add

an additional 12 new businesses to the district. I think we'll be up at 60,000 square feet of retail a year from

now when that's completed. 18

19 Also --

20 CHAIRMAN McCUSKER: So, Kira, you're breaking 21 up on us. It might be your internet connection. Maybe 22 turn your video off. 23 There you go. Let's see how that works.

MS. DIXON-WEINSTEIN: All right. I apologize. 24

25 Can you hear me better now?

12 they're going to go through this deck with us and you can

13 just scroll down while we wait for them. She kind of gave

14 us the high --

MS. COX: Can you make it bigger? 15 **CHAIRMAN McCUSKER:** I'm sorry? 16

MS. COX: Brandi, can you make it bigger? 17

CHAIRMAN McCUSKER: Click on the plus button. 18

19 **MS. COX:** Thank you.

CHAIRMAN McCUSKER: One more maybe. You can go 20 one more, I think. 21

MS. HAGA-BLACKMAN: One more? 22

23 CHAIRMAN McCUSKER: Yeah. MS. COX: Excellent. Thank you. 24

CHAIRMAN McCUSKER: She talked a little bit 25

Page 29

1 about the background.

Go to the next slide. 2

So they're proposing expansion into five 3

4 different areas with an estimated remodel cost of around a

million dollars.

Next slide. 6

It generates significant incremental revenue.

Their current revenue is 3.4 a year. It goes to almost 5. 8

9 Next slide.

The next few slides are renderings before and 10

after, expanded venue space, concert space. The concerts

have been incredibly successful and there's a little

amphitheater over there.

Next slide. 14

15 There's some additional shade, which opens up

more patron space. Patrons create revenue.

Kira, are you back online? 17

(No oral response) 18

CHAIRMAN McCUSKER: I don't hear her. 19

20 Kira, you might want to call in.

21 Moving some trees around. Those trees, some of

22 them fell during the storm, some of them need to be

23 replaced.

1

Keep going. 24

25 Expanding the bar, a very popular bar. 1 about this expansion.

MR. SHEAFE: Well, you gave a very nice

overview, Fletcher. And I know they're having trouble,

but I think we discussed this enough that I might try

putting together a motion.

CHAIRMAN McCUSKER: You have the floor.

7 **MR. SHEAFE:** Okay. I'll try and make this

8 short, Edmund.

MR. WEINSTEIN: Can we just talk over the phone

since this is not working for some reason? 10

11 CHAIRMAN McCUSKER: So, Adam, we ran through

your deck while you guys were off line and everyone's up to speed on the interest in expanding the annex. We want

14 to help. Chris is seriously about to make a motion, so if

there's anything -- if I were you, I would probably shut

up and let Chris make his motion.

MR. MARQUEZ: I high five you right now,

Fletcher, high five you.

MR. SHEAFE: Okay. Well, let's try this. I

20 move that we approve up to 400,000 of support for the

Mercado expansion project and authorize counsel to draft a

benefits agreement and authorize a letter of interest

similar to what we did for Evergreen subject to removal of

the satisfaction of the current matters -- removal and

25 full satisfaction of the current matters impacting the

Page 30

Next slide.

Expanding the festival grounds to make more

3 opportunities available, restrooms, a green room,

4 concessions. It's been a very popular outdoor venue to

everyone's surprise.

6 Next slide.

MR. SHEAFE: Brandi, do you need to let them 7

8 in, because they're trying --

9 CHAIRMAN McCUSKER: Expanded banquets and

10 caterings.

Next slide, slide 11. 11

Expansion of their markets, a summer night 12

13 market, a farmer's market, a flea market.

Keep going. 14

(Discussion off the record) 15

CHAIRMAN McCUSKER: So you get the jist. You 16

know, the Mercado Annex is what they're talking about 17

today. It has a lot of opportunities to expand current

business. There's no new businesses associated with this 19

20 but expanding incrementally very nicely.

They're looking to for us some help. Typically 21

22 when we get serious with an applicant, we see hard

23 numbers, a construction bid, you know, contractor's bid.

24 You know, we don't have that here, you know, but we want

25 to give Adam and Kira an indication of what we're thinking

Page 32

1 loan along with the normal requirements for variable documentation of actual costs and confirmation that the

district contributions are last in after work is completed

to a maximum of 50 percent of qualified improvement costs,

finally, to authorize the executive officers to approve

the benefits agreement prepared by counsel.

7

CHAIRMAN McCUSKER: Somebody second that.

MS. COX: Second. 8

9 MS. VILLICANA: Second.

CHAIRMAN McCUSKER: All right. So to 10

paraphrase, that might be a world record, Chris.

So, Adam, what we're talking about is an up to 12 400,000-dollar contribution for us subject to our typical

14 EBA language. We will give you a letter of intent, which

should help you with your current lenders, subject to the

closing of your new loan, subject to us seeing and

approving a hard construction bid and not to exceed 50 percent of the total. 18

19

Edmund, go ahead.

20 **MR. MARQUEZ:** Because there's so many 21 conditions, I would like to add two pieces of language to

22 that beautifully laid out, really long motion, which I

would like to call it a nonbinding letter of intent, which

24 is the same as we've done in the past. And then you

25 authorized the executive. I would also like to add and

Page 31

Rio Nuevo **Board Meeting** Page 33 1 counsel to your motion. 1 with better internet. MS. COX: I accept. 2 **CHAIRMAN McCUSKER:** Who was the second? 3 4 MS. VILLICANA: I'll second. I think Jannie and I tied. I'm not sure. This is Taunya. expand. CHAIRMAN McCUSKER: This might be the best deal 6 we ever made. Okay. So we have a motion and a second on the 8 floor. Does anybody need me to re-summarize it? **MS. COX:** I have to accept the amendment first screen share --10 10 11 and I --11 12 CHAIRMAN McCUSKER: Yeah. We're not sure --12 why don't you both accept it. That way we're covered. So 13 13 if you seconded it, we're not sure --15 MS. VILLICANA: I accept the amendment, Taunya. CHAIRMAN McCUSKER: Okay. That should work. 16 17 So Edmund's friendly amendment was seconded. We're about to vote. Is anybody confused about anything? 18 18 (No oral response) you. 19 19 CHAIRMAN McCUSKER: Okay. Brandi, call the 20 20 **21** roll. MS. HAGA-BLACKMAN: Chris Sheafe. 22 MR. SHEAFE: Yes. 23 MS. HAGA-BLACKMAN: Shay Jimenez. 24 25 MS. JIMENEZ: Aye. Page 34 MS. HAGA-BLACKMAN: Jannie Cox. 1 revenue. MS. COX: Aye. 2 MS. HAGA-BLACKMAN: Richard Oseran. 3 MR. OSERAN: Aye. 4 MS. HAGA-BLACKMAN: Corky Poster. 5 6 MR. WEINSTEIN: I'm recused. CHAIRMAN McCUSKER: That's Corky, the Corky 7

Page 36

8 Poster.

9 **MR. POSTER:** I recuse.

MS. HAGA-BLACKMAN: Taunya Villicana. 10

CHAIRMAN McCUSKER: Corky abstained. 11

MS. VILLICANA: Aye, Taunya. 12

MS. HAGA-BLACKMAN: Edmund Marquez. 13

MR. MARQUEZ: Aye. 14

MS. HAGA-BLACKMAN: Fletcher McCusker. 15

MR. WEINSTEIN: I vote aye. 16

(Motion made, seconded and passed unanimously). 17

CHAIRMAN McCUSKER: That's unanimous with Corky 18 19 recusing himself.

Thank you, guys. We'll be in touch on the 20

21 particulars. We love everything you're doing, so you

22 might spend some money on internet.

23 **MR. SHEAFE:** Either that or move to Mexico 24 City.

CHAIRMAN McCUSKER: Yeah. I'm in Ciudad Mexico 25

Okay. Here we go. Next up is Thunder Bacon.

Page 35

We love what Thunder Bacon's done to that block downtown.

Some more is going to happen. They have an opportunity to

We have a PowerPoint, too, Lindy, from you.

Are you going to run it or we can run it for you?

MR. REILLY: We'll run it.

CHAIRMAN McCUSKER: Okay. So if you'll give

MR. HAMMOND: He's all set.

All right. Lindy, go ahead, introduce

yourselves and launch your presentation.

MR. REILLY: Hello, everybody. My name is 15 Lindy Reilly. This is my wife Shelly Reilly. We are --

we own Thunder Bacon Burger.

CHAIRMAN McCUSKER: You're going to have to speak up a little bit because we're having trouble hearing

MR. REILLY: Okay. Also along with my oldest daughter, who's also a business partner, but she's there running the show right now so I get to be here.

I've been doing burgers a long time. We've

24 been really loving what's come with Thunder Bacon this

25 year. Earlier we made a small expansion of seating on the

1 inside, which has given us just a much increase in

July ended up being one of our biggest months ever, and then August crushed it, and September and

October is looking to be extremely good, too. So we are

just really happy right now being able to expand that

brand. And along with that, I became (inaudible) champion

this year and it's been a lot of fun with some of the

awards we've been bringing.

10 And now we want to just kind of continue with 11 Marcel in bringing that strip of 6th right there just back 12 to life, getting all those spaces with some rolling concepts that will, you know, entertain and alcohol and a

lot of food for everybody there that will coincide.

CHAIRMAN McCUSKER: Go ahead and launch your 15 16 screen.

MR. REILLY: So we do have a Thunder Bacon 17 Burger Co., but what we're going to go through right now is talking about the deli and then also the lobby bar that will be connected with the hotel. And we wanted to start with the spaces that weren't currently occupied before we

22 go all the way through with the last thing with Thunder

23 Bacon. Because right now thunder Bacon is kind of on a

24 roll, we wanted to make sure we were paying attention to

25 the other spaces and getting those up and going as well.

Page 37

These are the current spaces. We have -- on the far left is, I believe, the UPS store, and, of course, then there's us, and then the two spaces on the right that are currently connected was the old Ms. Saigon. And then we will be showing you how we want to change those two spots up.

The first configuration here is the lobby

8 hotel, which will open up with a lobby seating area up

9 front. And we'll be taking the wall down that's currently

10 cutting that area off to the bar area right by the

11 elevator, which I believe is the number five right there,

12 building the bar and taking it all the way to the back

13 where the office back there will be reconfigured, so there

14 will be a better opening towards the back.

That is actually going to be, I guess, like a modified white (inaudible) through Marcel, so really when we get in there, we're just going to be putting in a lot of electrical lighting, plumbing, anything that's like specifically to the bar for us and, of course, making it look fantastic.

So this will have more of a feel that will fit the hotel, not so much the rock and roll and everything that Thunder Bacon is, so we wanted kind of a different atmosphere in the middle, and then the drink profile and everything that will be there will be more of cocktails 1 is a lot of that. So it has a cool little bar and

2 markets, put out some killer sandwiches and some, you

3 know, catering. That's the word I'm missing right now.

The last slide here, Thunder Bacon would

5 actually go into having a full bar with not really too

6 much reconfiguring of the kitchen other than we're

7 shortening it a little bit to give it some more seating.

8 This actually provides more seating than we currently have

9 now plus with the ability to have the full bar. And as

10 you see by number seven, that would be where the beer 11 cooler is.

There will be a connection that you can walk from Thunder Bacon into the hotel lobby, and then you'll be able to also walk all the way over into the deli, so essentially all three concepts would have some sort of way to move about each other and would also kind of feed each other. When one is busier, we still have room elsewhere if we had to.

We're getting into projections. We do have currently the 12 in place for this expansion. We've actually been trying to capitalize on having different kinds of drinks there. They're actually working well right now. We haven't gone to full bartending yet. I wanted to not increase that too bad right now without actually having the bar and the back stock.

Page 38

Page 40

Page 39

and use the space like that. And food will also be
 available from Thunder Bacon over to there along with, you
 know -- since we have food on both sides, we'll be able to
 have food over there for everybody as well.

This is the reconfiguration of the Ms. Saigon spot. So we really aren't doing much with the kitchen itself other than just giving it a facelift and kind of redoing some of the fixtures in there, better lighting, things like that, some plumbing, but the space itself, they'll be new bathrooms. We are putting a market area in there, so there will be -- we have a beer and wine license

there, so we'd like to have a wine selection for sales,

13 local purveyors.

We also will have a -- kind of a grab and go along with the catering and just the normal deli, so that way if somebody needs to get in there and get out, we can have flesh grab and go all day for that. And really with this, we'd love to focus on doing some really cool caterings for a lot of the offices downtown as well, so we have some marketing that will be coming up hopefully to help push that and then also getting online with that as well, so --

And we are also looking at going in and doing a lot of the baking ourselves on this as well, so I want to bring something that's kind of different. Flavor profile

We are looking to be able to -- we have a
 couple bartenders coming in with their programs that
 they've developed at other places in town, and I secured
 one to come and help us with the hotel lobby bar and to
 pretty much create an award-winning drink program.
 They're kind of winning awards elsewhere. I want them
 here.

8 **CHAIRMAN McCUSKER:** So I think you have -- 9 there we go.

MR. REILLY: Yeah. So --

CHAIRMAN McCUSKER: Can you enlarge that at
all, Lindy? Can you step that up? You should have a plus
button on your -- go through -- go through the ask with
us.

Go to the total. We've seen this. All of us have seen your proposal, so go to the last slide that totals all three projects.

MR. REILLY: Okay. So --

CHAIRMAN McCUSKER: There you go.

MR. REILLY: Yes. The total ask for everything would be 352,149. Like I said, the -- we had it all

22 broken out into different stages and totals because really

23 we are looking to do the deli and the lobby bar first and

24 then come in after everything was situated with that and25 finish up Thunder Bacon since Thunder Bacon right now

18

19

Rio Nuevo 10/22/24
Board Meeting October 22, 2024

11

Page 41

1 is -- it's busy, so we're excited about that. I also

- 2 didn't want to kind of throw a wrench into how busy it is
- 3 right now until we got everything else to the north of us

4 up and running the same.

5 **CHAIRMAN McCUSKER:** And that's exactly half; 6 right?

7 **MR. REILLY:** That would be exactly half for all 8 three projects, yes.

9 **CHAIRMAN McCUSKER:** It's beautiful.

Any questions for Lindy?

MR. POSTER: I have one question. Pardon my
ignorance, but your original plan shows four front doors.
I'm assuming based on what I could piece together from
this that the northern three doorways are 33, 35 and 47

14 this that the northern three doorways are 33, 35 and 4/ 15 and that the southernmost doorway remains vacant. Is that

16 correct?

MR. REILLY: No, that's not. That was the UPS.

18 That is currently occupied.

MR. POSTER: Got it. Okay. Thank you.

MR. MARQUEZ: Just curious. Since we're asking questions, in the original slide that we saw, your ask was

22 326, now it's 352. What was the difference?

MR. REILLY: There was some specifics with the signs and the grease trap that we had missed. And I

25 thought we added that in, but we have that on -- we can

1 MR. SHEAFE: Okay.

MR. MARQUEZ: This looks good. It's fulltransparency like all the other deals we do. It would go

4 through due diligence. Obviously we see -- I see in some

5 of the slides, I'm more familiar with your previous slide

6 deck, there's a landlord contribution, et cetera. We are 7 net of that. We're a last dollars in. Landlord dollars

8 would go in, you guys would invest. We'd reimburse

9 50 percent after you guys have spent the money on the

o construction, et cetera.

MR. REILLY: Yes.

CHAIRMAN McCUSKER: What's the board's pleasure?

MR. SHEAFE: Edmund, do you want to do a short motion?

MR. MARQUEZ: Sure. Real simple. I move that we contribute up to \$352,149 towards these three projects within our typical stipulations and due diligence from our attorneys via Rio Nuevo. I would like to also authorize executive and counsel to finish the details of this deal as we go through due diligence.

MS. COX: Second.

CHAIRMAN McCUSKER: All right. So we're going to authorize up to \$352,149, Lindy, to complete all three of your projects. Tim will work with you on the agreement

Page 42

1 get that more detailed. That was a last minute --

2 MRS. REILLY: I think we missed just editing 3 that line.

MR. REILLY: So there was -- a grease trap has to be just moved for the deli, it's just in a strange

6 spot, and then there was just the signage for the hotel 7 and for the deli.

8 MR. SHEAFE: On one of your lists, you had 9 salary listed as part of your costs. What was that in

10 reference to?11 MRS. REILLY: That might have been on one of

MR. REILLY: Yeah.

12 our projections, sales projections.

14 CHAIRMAN McCUSKER: We didn't hear that.

MR. REILLY: It might have been just on one of our sales projections.

MRS. REILLY: It wasn't part of this.

MR. SHEAFE: Did I misread that? I thought I saw the word salary under expenses.

MR. REILLY: It was underneath the financials just to show what was happening like with our financials on the forecast.

MR. SHEAFE: So that's not one of your cost components in the --

MR. REILLY: No.

1 to make certain that we're tracking with you on the hard2 costs. And I'm assuming you have your half of the money.

3 MR. REILLY: Yes, sir.

4 **CHAIRMAN McCUSKER:** Brandi, let's call the 5 roll.

6 MS. HAGA-BLACKMAN: Chris Sheafe.

7 **MR. SHEAFE:** Aye.

8 MS. HAGA-BLACKMAN: Shay Jimenez.

9 **MS. JIMENEZ:** Aye.

10 MS. HAGA-BLACKMAN: Jannie Cox.

11 MS. COX: Aye.

MS. HAGA-BLACKMAN: Richard Oseran.

MR. OSERAN: Aye.

MS. HAGA-BLACKMAN: Corky Poster.

15 **MR. POSTER:** Aye.

MS. HAGA-BLACKMAN: Taunya Villicana.

MS. VILLICANA: Aye.

MS. HAGA-BLACKMAN: Edmund Marquez.

19 **MR. MARQUEZ:** Aye.

MS. HAGA-BLACKMAN: Fletcher McCusker.

CHAIRMAN McCUSKER: I vote aye.

22 (Motion made, seconded and passed unanimously).

CHAIRMAN McCUSKER: What's the timing on all this, Lindy? When do you think we'll see this?

MR. REILLY: That's a good question. If it was

Page 43

Page 44

Page 45

1 on my timing, very soon. I'd like to actually as soon as 2 we get everything squared away with Marcel. We're pretty 3 much ready to get in there and start with things, so

4 hopefully --CHAIRMAN McCUSKER: So that was unanimous, so

that motion carries.

Lindy, Tim will be in touch with you guys on getting the documents done. 8

9 **MR. REILLY:** Awesome. Thank you very much. CHAIRMAN McCUSKER: Good luck to your continued 10 success. You've changed that whole block. 11

12 **MR. REILLY:** We're looking to do exactly that. It's going to be a lot of fun. 13

CHAIRMAN McCUSKER: All right. Thank you. 14 15 And then last up in terms of assistance, UPS. 16 Scott, I think I see you online. Go ahead and introduce yourself. You kind of see how we work. It's not very formal. We can run your PowerPoint for you, you can run it yourself. We've all seen it, so you don't need to read everything to us, but talk about what's going on at your 20

store and how we can help. 21 MR. GOLDSMITH: Okay. Well, I'm Scott 22 Goldsmith. I'm a co-owner along with -- next to me, she doesn't show in the camera very well, my mom Joyce, she's 25 the other co-owner, Goldsmith. We're at -- our store is

1 owned and operated. We're native Tucsonans. I'm a 2 Rincon/U of A alumni graduate. My mom's an Amphi, so we've been here a while.

What we're seeking today is funding for an 5 update, a remodel really of the existing space. It's a 30 year facility. Obviously it needs to be upgraded to match UPS Store standards to increase -- an increased customer base, and the upgrades are obviously required to maintain the franchise, the cost of responsibility of the independent owners for this upgrade.

11 And with that, we're going to have better 12 utilization of space and updated appearance and we expect an increase in new business to exceed more than 15 percent. That's going to be through our increased 15 customer base of Amazon customers that we have an 16 exclusive contract with through UPS. And the UPS hub is 17 closing down their main facility where they will not be accepting packages or do any packing at the UPS hub down on Park and Silverlake anymore. So that's closed, so those customers will be coming to our store, we hope. The next slide, we're going to show our current 21

interior, new and old. We can go back to the other slide before that 24 previously, but we'll get to that.

Our lease is managed by Larsen Baker. It's the

Page 46

1 eighth lease amendment and the extension agreement was

Page 48

Page 47

1 located at 5425 East Broadway Boulevard. We are in the 2 Broadway Crossing Shopping Center, which is the northeast 3 corner of Broadway and Craycroft.

Next slide.

Again, like I said, we've been in the Broadway 6 Crossing location for more than 30 years. Like I said, 7 it's the northwest corner of Broadway and Craycroft. 8 We're a bilingual employer serving a diverse bilingual 9 customer base. We provide UPS as well as United States 10 Postal Service shipping services, which include priority 11 mail for United States Postal Service, return receipt, 12 certified mail for the U.S. Post Office, stamps, metered 13 mail, those kind of things, as well as all the UPS 14 offerings.

15 We do have a number of corporate accounts 16 including Amazon, Cox, Verizon, At&T, Apple, Blue Cross Blue Shield. Other than those services, we also provide mailboxes, which are a fixed address mailbox. We have 400 mailboxes and we keep about between 280 and 300 so far occupied. 20

On top of that, we are all notaries at the 21 22 store. We also provide FD-258, the FBI fingerprint cards, for nurses, school districts to get their IDs. We do passport photos, faxing and printing services. 25

We are open seven days a week and we are family

2 effective May 3rd, 2022, and it's a 10-year agreement with 3 an extension -- two five-year extensions, which would take us -- if we used everything and all the extensions, it 5 would take us through 2052, so we do have long-term lease 6 agreements with Larsen Baker there. We expect a yearly gross revenue of 15 percent, and then we did a five-year 8 outlook with adding 10 percent each year additionally. We 9 do have the documentation. All the lease information can 10 be made available to the Rio Nuevo group. We do have 11 materials and construction costs of the remodel. There 12 are no FF & Es in the technology funding in this request. Any funding and support from Rio Nuevo will be covered by 14 a loan against our store that's guaranteed through UPS. 15 Our expected construction date would be April 1st, 2025. 16 Basically we could go as early as December, but that's our peak month as far as shipping, the holiday season. We don't want to have the store -- it may be closed down a day or two and we'll be shuffling around to keep the store open as they're doing the remodel, but that's a bad time to do that, so we're going to push that to April 1st. In this slide on the left you can see what our current lobby looks like. It will be switched over to the

24 one on the right. That's what they call the Blue Horizon 25 upgrade, Laser Light upgrade. As you can see, they're

13

25

Page 49

going to be moving -- counters will be perpendicular to - or parallel to the outdoor streets. You have the post
 office boxes on the -- on the right there. We're going to
 increase our point of sales. We're going to be adding one
 new machine, so we're going to have three-point of sales
 machines to accept the customers on.

7 Next slide.

Then we'll be upgrading -- and also we have the wooden floors that are be going to be going in, new paint, new pack and ship guarantee decals on it. We have our current store, which I said is at 30 years now, upgraded to the new packing tables, new organization of our shaping and packing materials with the new upgrade.

14 Next slide.

We also -- we have something not to include, but I thought I'd include a couple pictures. This is our current store on the right with the red UPS store. We're going to be getting that upgraded to the one on the left with the new remodel.

So here we go with the current gross revenue.
We're running between 425 and 500,000 per year. The
monthly sales tax currently ranges between 700 to 1,000
per month. This is showing gross revenue, non-taxable
sales, taxable sales and then sales tax, city and state.
In year one, that's including the 15 percent increase in

1 like that. Then we have our back packing area, so we'll

Page 51

Page 52

2 be getting busy in the holiday season soon.

This is Terry Hall's construction bid. It grinds down to everything from lights to flooring to fixtures. We go one more page, we get his total right

6 here. And I don't ever my glasses on, but --

7 CHAIRMAN McCUSKER: Brandi, can you expand 8 that?

9 **MR. GOLDSMITH:** Yeah, a total of 47,367.45. 10 And, like I said, we had a competitive bid from an Asa 11 Carlton out of Georgia for 77,000, so we went ahead with a 12 local, more inexpensive bid.

Let me go to the next slide.

And this is going to be the cost breakdown.

This is what were buying from UPS Store itself. The counter tops, the flooring, all that will come from them.

And this is a breakdown of that with a total of that one

18 of \$64,557. But with this you can also see there's some 19 technology at the top. We took that out in our original

20 graph that we had previously and which also took out the 21 new point of sales with the credit card reader, things 22 like that. We took all that out. So when we went to the

23 one asking for the 45,000 from Rio Nuevo, we took all the 24 technology out of that.

So those are our total costs, construction and

Page 50

sales and then the 10 years and the next four yearsfollowing that.

The hard construction costs, and we have that in this slide, we're going with Terry Hall Design, which is a local builder. We did have an alternative bid as well from another builder out of Georgia, but we're sticking local with Terry Hall of \$47,167.45. We have fixed technology and equipment, like I said, the new countertops, some of the new things that are going to be added when we increase the size of the lobby for 39,536. Fluoresco is going to handle our marquee sign. We just put this in here for consideration of 5,208. Fluoresco is a local Tucson company.

Total hard -- total expenses, hard costs only, so a total of 91,000 -- \$91,912. Our investment would be basically the whole thing other than what Rio Nuevo -- we're asking for 45,000 from Rio Nuevo. So if we took that from the 91, you come up with 46,912.

that from the 91, you come up with 46,912.

This is our architectural design. The front facing is the far right. It's our front door. You can see -- it's a little hard to see on this, but we're going to have a counter top with three POS's. We're going to have television monitors flashing -- advertising our features, what we can do, the extra things that people don't know about as far as fingerprints, notary, things

1 equipment, also shipping. You can see there's freight2 shipping in there of those counters and wall fixtures,3 things like that.

MR. MARQUEZ: Nice presentation, real clean. I
liked that you guys already went through and removed your
FF & E, et cetera, so good job.

7 **MR. GOLDSMITH:** Thank you.

8 **CHAIRMAN McCUSKER:** We were surprised to learn 9 that UPS has taxable sales. Is that stationery and 0 supplies? You know, can you speak to that, Scott?

11 MR. GOLDSMITH: Yeah, we do, we have boxes. We 12 have to purchase boxes, packing and shipping supplies, 13 tape, it's pretty expensive actually, those kind of 14 things.

15 **CHAIRMAN McCUSKER:** Yeah, it's a million bucks
16 a year. So it makes sense for us because it's tax -- it's
17 incremental tax. It's probably a store that could
18 otherwise fall out of the district, so what are you
19 thinking?

MR. SHEAFE: Well, let me propose that we approve up to 45,000 subject to all of our normal conditions and reviews, having counsel prepare a benefits agreement and authorize the executive officers to approve it.

MS. VILLICANA: I second it, Taunya.
